## Risk Considerations

It is important for you to understand that this offering summary does not contain all of the material information an investor should consider before investing in the securities, including a more complete description of the risks relating to the securities. This offering summary is not for distribution in isolation and must be read together with the accompanying free writing prospectus.

### ***Risks Relating to the Structure or Features of the Securities***

- The securities do not pay interest.
- The appreciation potential of the securities is limited by the maximum payment at maturity.

### ***Risks Relating to the Underlying Index***

- Investing in the securities is not equivalent to investing in the securities included in the underlying index.
- Adjustments to the underlying index could adversely affect the value of the securities.

### ***General Risk Factors***

- Credit risk of HSBC USA Inc.
- The estimated initial value of the securities, which will be determined by us on the pricing date, is expected to be less than the price to public and may differ from the market value of the securities in the secondary market, if any.
- If HSBC Securities (USA) Inc. were to repurchase your securities immediately after the original issue date, the price you receive may be higher than the estimated initial value of the securities.
- The price of your securities in the secondary market, if any, immediately after the pricing date will be less than the price to public.
- The market price of the securities will be influenced by many unpredictable factors.
- The amount payable on the securities is not linked to the level of the underlying index at any time other than the valuation date.
- The securities will not be listed on any securities exchange and secondary trading may be limited.
- Hedging and trading activity by our affiliates could potentially adversely affect the value of the securities.
- The calculation agent, which is HSBC or one of its affiliates, will make determinations with respect to the securities.
- The securities are not insured or guaranteed by any governmental agency of the United States or any other jurisdiction.
- The U.S. federal income tax consequences of an investment in the securities are uncertain.

## Tax Considerations

You should review carefully the discussion in the accompanying free writing prospectus under the caption “Additional Information About the securities —Tax considerations” concerning the U.S. federal income tax consequences of an investment in the securities, and you should consult your tax adviser.

If there is any inconsistency between any terms herein and the free writing prospectus relating to the securities, the free writing prospectus shall prevail.
