STATEMENT OF FINANCIAL CONDITION FOR THE YEAR ENDED DECEMBER 31, 2022 WITH REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

# PARSONEX CAPITAL MARKETS, LLC

# **CONTENTS**

Report of Independent Registered Public Accounting Firm

Statement of Financial Condition

Notes to Financial Statements

#### Report of Independent Registered Public Accounting Firm

To The Members Parsonex Capital Markets, LLC Englewood, Colorado

#### •pinion on the Financial Statements

We have audited the accompanying statement of financial condition of Parsonex Capital Markets, LLC, as of December 31, 2022, and the related notes (collectively referred to as the "financial statements"). In our opinion, the financial statements present fairly, in all material respects, the financial position of Parsonex Capital Markets, LLC as of December 31, 2022, and the results of its operations and its cash flows for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

#### Basis for Opinion

These financial statements are the responsibility of the entity's management. Our responsibility is to express an opinion on these financial statements based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to Parsonex Capital Markets, LLC in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statements, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statements. We believe that our audit provides a reasonable basis for our opinion.

Total liabilities and members' equity	\$ 148,761

The accompanying notes are an integral part of this statement.

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### Organization and Business

Parsonex Capital Markets, LLC (the "Company"), is a Delaware Limited Liability Company formed on May 25, 2010. The Company is owned 49% by Apex Integrated Capital, LLC and 51% by Parsonex Enterprises, Inc. The Company is approved to operate as a broker-dealer as a member of the Financial Industry Regulatory Authority ("FINRA") and is registered with the Securities and Exchange Commission ("SEC"). The Company provides services in selling tax shelters and limited partnership interests in primary distribution as well as private placements of securities. As a limited liability company, the members' liability is limited to their investments.

#### Accounting Policies

The Company follows Generally Accepted Accounting Principles (GAAP), as established by the Financial Accounting Standards Board (the FASB), to ensure consistent reporting of financial condition, results of operations, and cash flows.

#### Cash

The Company maintains its bank account in a high credit quality institution. The balance at times may exceed federally insured limits.

#### Revenue Recognition

Revenue from Contracts with Customers (ASC 606) core principle states that an entity must recognize revenue in a manner that depicts the transfer of the promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods and services. Included among the requirements of ASC 606 is that the entity must appropriately allocate revenues to the corresponding goods or services and recognize such revenues at the time when the entity has performed under its respective obligations.

Revenue from contracts with customers includes private placement services. The recognition and measurement of revenue is based on the assessment of individual contract terms. Significant judgment is required to determine whether performance obligations are satisfied at a point in time or over time; how to allocate transaction prices where multiple performance obligations are identified; when to recognize revenue based on appropriate measure of the Company's progress under the contract; whether revenue should be presented gross or net of certain costs; and whether constraints on variable consideration should be applied due to uncertain future events.

The Company recognizes fees from private placements upon the sale of each unit in an offering as this satisfies the only performance obligation identified in accordance with this standard.

#### NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

#### **Estimates**

Management uses estimates and assumptions in preparing financial statements in accordance with generally accepted accounting principles. Those estimate and assumption affect the reported amounts of assets, liabilities, revenues, and expenses. Actual results could vary from the estimates that were assumed in preparing the financial statements.

#### Income Taxes

The Company has elected to be taxed as a partnership for income tax reporting purposes. Therefore, the income or losses of the Company flow through to and are taxable to the Members. Accordingly, no income taxes are reflected in the accompanying financial statements.

The Company has adopted the provisions of FASB Accounting Standards Codification 740-10, Accounting for Uncertainty in Income Taxes. Under FASB ASC 740-10, the Company is required to evaluate each of its tax positions to determine if they are more likely than not to be sustained if the taxing authority examines the respective position. A tax position includes an entity's status, including its status as a pass-through entity, and the decision not to file a return.

The Company has evaluated each of its tax positions and has determined that it has no uncertain tax positions for which a provision or liability for income taxes is necessary.

The Company is subject to audit by the taxing agencies for year ended December 31. 2019, 2020 & 2021.

#### Account Receivable

Accounts receivables are non-interest-bearing uncollateralized obligations receivable in accordance with the terms agreed upon with each customer. The Company regularly reviews its accounts receivables for any uncollectible amounts. The review for uncollectible amounts is based on an analysis of the Company's collection experience, customer credit worthiness, and current economic trends. Based on management's review of accounts receivable, no allowance for doubtful accounts is considered necessary.

#### NOTE 2 - NET CAPITAL REQUIREMENTS

The Company is subject to SEC Uniform Net Capital Rule 15c3-1, which requires the maintenance of a minimum net capital equal to the greater of \$5,000 or 6-2/3% of aggregate indebtedness as well as a ratio of aggregate indebtedness to net capital that shall not exceed 15 to 1, both as defined. At December 31, 2022, the Company had net capital of \$60,775, which was \$55,775 in excess of its required net capital of \$5,000. The Company's aggregate indebtedness to net capital ratio was 0.59 to 1.00.

#### NOTE 3 - RELATED PARTY TRANSACTIONS

The Company earned all of its private placement revenues from its sale of units in offerings of funds pursuant to managing dealer agreements. The managing members of the funds are wholly owned by the members of the Company.

Separately, the Company leases office space from a sister broker-dealer pursuant to a month-to-month sublease agreement. Rent expense under this agreement was \$6,000 in 2022 and has been included in occupancy expense in the accompanying statement of operations.

Financial position and results of operations could differ from the amounts in the accompanying financial statements if these related party transactions did not exist.

#### NOTE 4 - SUBSEQUENT EVENTS

The management has reviewed the results of operations for the period of time from its year end December 31, 2022 through March 30, 2023 the date the financial statements were available to be issued, and have determined that no adjustments are necessary to the amounts reported in the accompanying financial statements nor have any subsequent events occurred, the nature of which would require disclosure.

#### NOTE 5 - CONTINGENCIES

The Company is subject to litigation in the normal course of business. The Company has no litigation in progress at December 31, 2022.

#### NOTE 6 - CONCENTRATION

Approximately 67% of the Company's private placement revenue was earned from one fund.

#### NOTE 7 - FAIR VALUE MEASUREMENT

FASB ASC 820 defines fair value, establishes a framework for measuring fair value, and establishes a fair value hierarchy which prioritized the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or liability or, in the absence of a principal market, the most advantageous market for the asset of liability. Valuation techniques that are consistent with the market, income or cost approach, as specified by FASB ASC 820 are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities the Company has the ability to access.

Level 2 inputs are inputs (other than quoted prices included within Level 1) that are observable for the asset or liability, either directly or indirectly.

Level 3 are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that market participants would use in pricing the asset or liability. (The unobservable inputs should be developed based on the best information available in the circumstances and may include the Company's own data.)

There were no levels to measure at December 31, 2022.
