WILMINGTON, DE 19806

EQUITY SECURITY TOKEN SUBSCRIPTION AGREEMENT

UNDER SEC REGULATION CROWDFUNDING

The undersigned (the “Investor”) represents and understands that PRESEND INC, a Corporation incorporated in DELAWARE, (the “Company”) and PreSend SPV LLC, a Limited Liability Company incorporated in DELAWARE, (the “Co-issuer”), are offering up to 10,250 fractionalized Common shares of its Common equity as digital security tokens (the “Digital Security Tokens”), for \$250 per token (the “Subscription Price”) in a Regulation CF offering (the “Offering”) subject to Issuer’s Form C SEC filing (the “Form C”) and the Issuer’s offering memorandum, (the “Offering Memorandum”) (collectively, the Offering Memorandum together with Form C, are the “Offering Statement”), each as may be amended. The Investor further understands that the Offering is being made without registration of the Securities under the Securities Act of 1933, as amended (the “Securities Act”), or any securities law of any state of the United States or any other jurisdiction. The Digital Security Tokens offered and sold hereby are being sold by the Co-issuer on behalf of the Company pursuant to Section 4(a)(6) of the Securities Act of 1933, as amended (the “Act”) and Regulation Crowdfunding promulgated under the Act (the “Regulation CF”) on the Intermediary’s platform (the “Platform”). The Co-issuer and the Company (collectively, the “Co-issuers”) are co-issuers of securities under this Agreement.

The Co-issuer is a crowdfunding vehicle entity formed by the Company (under Rule 3a-9 of Regulation Crowdfunding) solely for the purpose of conducting this offering on behalf of the Company. The Co- issuer will issue securities for sale to investors in this offering and act as a conduit for investors to invest in the Company. The Co-issuer will use the proceeds of the securities it sells solely to purchase the securities offered by the Company. The Co-issuer will maintain a one-to-one relationship between the Company's securities it owns and the Co-issuer's securities outstanding to provide investors in the Co-issuer the same economic exposure as they had invested directly in the Company. The Co-issuer will issue securities with rights that are materially indistinguishable from the rights a direct investor in the Company would have. The Company has limited the Co-issuer's activities to that of acting solely as a conduit to directly hold the securities of the Company without the ability for independent investment decisions. The Co-issuer will redeem or offer to repurchase its securities if there is a liquidity event at the Company level, since its reason for existence will cease on the occurrence of such liquidity event. There is no material difference between an investment in the Company and the Co-issuer.

- h. Entire Agreement; Amendments and Waivers.** This Agreement constitutes the full and entire understanding and agreement between the parties with regard to the subjects hereof. The Company's agreements with each Investor are separate agreements, and the sales of the Digital Security Tokens with the Agreement to each Investor are separate sales. Nonetheless, any term of the Agreement may be amended and the observance of any term of the Agreement may be waived (either generally, and in a particular instance, either retroactively or prospectively), with the written consent of the Company and Majority Investors, provided that no amendment that adversely affects the economic rights of a holder of Digital Security Tokens will be effective against that holder except with his, her, their or its consent. Except as required by law, neither a party nor the arbitrator may disclose the existence, content or results of any arbitration without the prior written consent of the other parties.

b. **Appeal of Award.** Within thirty days of a final award by the single arbitrator, either party may appeal the award for reconsideration by a three-arbitrator panel. The panel will reconsider all aspects of the initial award that are appealed, including related findings of fact.

c. **Effect of Award.** Any award by the individual arbitrator that is not subject to appeal, and any panel award on appeal, shall be final and binding, except for any appeal right under the Federal Arbitration Act, and may be entered as a judgment in any court of competent jurisdiction.

No party may join, consolidate, or otherwise bring claims for or on behalf of two or more individuals or unrelated corporate entities in the same arbitration unless those persons are parties to a single transaction. An award in arbitration shall determine the rights and obligations of the named parties only, and only with respect to the claims in arbitration, and shall not (i) determine the rights, obligations, or interests of anyone other than a named party, or resolve any claim of anyone other than a named party, or (ii) make an award for the benefit of, or against, anyone other than a named party. No administrator or arbitrator shall have the power or authority to waive, modify, or fail to enforce this paragraph, and any attempt to do so, whether by rule, policy, and arbitration decision or otherwise, shall be invalid and unenforceable. Any challenge to the validity of this paragraph shall be determined exclusively by a court and not by the administrator or any arbitrator. If this paragraph shall be deemed unenforceable, then any proceeding in the nature of a class action shall be handled in court, not in arbitration.

7. **Subscription Procedure.** Each Investor, by providing his or her name and the payment of the Original Purchase Payment Amount, confirms such investment through the Platform and has signed this Agreement electronically.
