Offering Statement

Respond to each question in each paragraph of this part. Set forth each question and any notes, but not any instructions thereto, in their entirety. If disclosure in response to any question is responsive to one or more other questions, it is not necessary to repeat the disclosure. If a question or series of questions is inapplicable or the response is available elsewhere in the Form, either state that it is inapplicable, include a cross-reference to the responsive disclosure, or omit the question or series of questions.

Be very careful and precise in answering all questions. Give full and complete answers so that they are not misleading under the circumstances involved. Do not discuss any future performance or other anticipated event unless you have a reasonable basis to believe that it will actually occur within the foreseeable future. If any answer requiring significant information is materially inaccurate, incomplete or misleading, the Company, its management and principal shareholders may be liable to investors based on that information.

THE COMPANY

1. Name of issuer:

Regression Film, LLC

COMPANY ELIGIBILITY

2. Check this box to certify that all of the following statements are true for

the issuer.

- Organized under, and subject to, the laws of a State or territory of the United States or the District of Columbia.
- Not subject to the requirement to file reports pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934.
- Not an investment company registered or required to be registered under the Investment Company Act of 1940.
- Not ineligible to rely on this exemption under Section 4(a)(6) of the Securities Act as a result of a disqualification specified in Rule 503(a) of Regulation Crowdfunding.
- Has filed with the Commission and provided to investors, to the extent required, the ongoing annual reports required by Regulation Crowdfunding during the two years immediately preceding the filing of this offering statement (or for such shorter period that the issuer was required to file such reports).
- Not a development stage company that (a) has no specific business plan or (b) has indicated that its business plan is to engage in a merger or acquisition with an unidentified company or companies.

INSTRUCTION TO QUESTION 2: If any of these statements are not true, then you are NOT eligible to rely on this exemption under Section 4(a)(6) of the Securities Act.

3. Has the issuer or any of its predecessors previously failed to comply with the ongoing reporting requirements of Rule 202 of Regulation Crowdfunding?

Yes No

DIRECTORS OF THE COMPANY

4. Provide the following information about each director (and any persons occupying a similar status or performing a similar function) of the issuer.

Director	Principal Occupation	Main Employer	Year Joined as Director
Stacy Snyder	Producer	Self	2023
Bryan Ricke	Filmmaker	Self	2023
Melissa Vitello	Director, Writer, Producer	Self	2023

For three years of business experience, refer to [Appendix D: Director & Officer Work History](#).

OFFICERS OF THE COMPANY

5. Provide the following information about each officer (and any persons occupying a similar status or performing a similar function) of the issuer.

Officer	Positions Held	Year Joined
Stacy Snyder	President	2023
Bryan Ricke	Secretary	2023
Bryan Ricke	Treasurer	2023

For three years of business experience, refer to [Appendix D: Director & Officer Work History](#).

INSTRUCTION TO QUESTION 5: For purposes of this Question 5, the term officer means a president, vice president, secretary, treasurer or principal financial officer, comptroller or principal accounting officer, and any person that routinely performing similar functions.

PRINCIPAL SECURITY HOLDERS

6. Provide the name and ownership level of each person, as of the most recent practicable date, who is the beneficial owner of 20 percent or more of the issuer's outstanding voting equity securities, calculated on the basis of voting power.

Name of Holder	No. and Class of Securities Now Held	% of Voting Power Prior to Offering
Melissa Vitello	1000.0 Voting and Non-Voting Units	33.0
Bryan Ricke	1000.0 Voting and Non-Voting Units	33.0
Stacy Snyder	1000.0 Voting and Non-Voting Units	33.0

INSTRUCTION TO QUESTION 6: The above information must be provided as of a date that is no more than 120 days prior to the date of filing of this offering statement.

To calculate total voting power, include all securities for which the person directly or indirectly has or shares the voting power, which includes the power to vote or to direct the voting of such securities. If the person has the right to acquire voting power of such securities within 60 days, including through the exercise of any option, warrant or right, the conversion of a security, or other arrangement, or if securities are held by a member of the family, through corporations or partnerships, or otherwise in a manner that would allow a person to direct or control the voting of the securities (or share in such direction or control – as, for example, a co-trustee) they should be included as being “beneficially owned.” You should include an explanation of these circumstances in a footnote to the “Number of and Class of Securities Now Held.” To calculate outstanding voting equity securities, assume all outstanding options are exercised and all outstanding convertible securities converted.

BUSINESS AND ANTICIPATED BUSINESS PLAN

7. Describe in detail the business of the issuer and the anticipated business plan of the issuer.

For a description of our business and our business plan, please refer to the attached [Appendix A, Business Description & Plan](#)

INSTRUCTION TO QUESTION 7: Wefunder will provide your company's Wefunder profile as an appendix (Appendix A) to the Form C in PDF format. The submission will include all Q&A items and “read more” links in an un-collapsed format. All videos will be transcribed.

*This means that any information provided in your Wefunder profile will be provided to the SEC in response to this question. As a result, your company will be potentially liable for misstatements and omissions in your profile under the Securities Act of 1933, which requires you to provide material information related to your business and anticipated business plan. **Please review your Wefunder profile carefully to ensure it provides all material information, is not false or misleading, and does not omit any information that would cause the information included to be false or misleading.***

RISK FACTORS

A crowdfunding investment involves risk. You should not invest any funds in this offering unless you can afford to lose your entire investment.

In making an investment decision, investors must rely on their own

examination of the issuer and the terms of the offering, including the merits and risks involved. These securities have not been recommended or approved by any federal or state securities commission or regulatory authority. Furthermore, these authorities have not passed upon the accuracy or adequacy of this document.

The U.S. Securities and Exchange Commission does not pass upon the merits of any securities offered or the terms of the offering, nor does it pass upon the accuracy or completeness of any offering document or literature.

These securities are offered under an exemption from registration; however, the U.S. Securities and Exchange Commission has not made an independent determination that these securities are exempt from registration.

8. Discuss the material factors that make an investment in the issuer speculative or risky:

Investment in the film industry is highly speculative and inherently risky. There can be no assurance of the economic success of any motion picture since the revenues derived from the production and distribution of a motion picture primarily depend on its acceptance by the public, which cannot be predicted. The commercial success of a motion picture also depends on the quality and acceptance of other competing films released into the marketplace at or near the same time, general economic factors, and other tangible and intangible factors, all of which can change and cannot be predicted with certainty. Many films are produced each year and never released. Many films are released each year, which are not commercially successful and fail to recoup their production costs. Neither the Managers nor the Company can assure Investors that the picture will generate enough revenue to offset its distribution and marketing costs, in which case the Company would not receive any net revenues for the picture.

The Company itself is in the organizational stage and is subject to all the risks incident to the creation and development of a new business. In order to prosper, the success of the Company's film will depend partly upon the ability of management to produce a film of exceptional quality at a lower cost that can compete in appeal with high-budgeted films of the same genre. In order to minimize this risk, management plans to participate as much as possible throughout the process and will aim to mitigate financial risks where possible. Fulfilling this goal depends on the timing of investor financing, the ability to obtain distribution contacts with satisfactory terms, and the continued participation of the current management.

There is no assurance that unforeseen events will not occur, resulting in the need to raise additional funds beyond what the company and the managers project. This may include delays and increased expenditures due to creative problems, technical difficulties, talent availability, accidents, natural disasters, or other events beyond the control of the production companies and distributors.

Purchasers of interests will receive an economic interest in the Company, but shall not be participants in the management or the operations of the Managers, the Company, or the picture.

Accordingly, except as otherwise set forth in this agreement, an Investor will have no right to vote on, or to veto actions of the Managers, will have no creative control, and Manager-approved actions may be approved despite the Investor's dissent from such actions.

The Company relies on third-party partners for various development, production, and distribution aspects of its content. The failure of these third-party partners to perform their obligations may result in delays, cost overruns, or lower-quality content.

The production and distribution of a motion picture involves the passage of a significant amount of time. Pre-production on a picture may extend for two to three months or more. Principal photography may extend for several weeks or more. Post-production may extend for three to four months or more. Distribution and exhibition of motion pictures generally and of the picture may continue for years before gross proceeds or net proceeds may be generated, if at all.

The Managers are not required to render exclusive services in connection with the picture or the Company. The Managers, the production team and the talent have interests in a variety of activities other than acting as Managers to the Company, including involvement with the production of other films. In addition, the Managers, the production team and the talent may organize companies that are similar to the Company in the future. The Managers may be principals in, or have profit interest in, the Company. Accordingly, conflicts of interest may arise in the allocation of the Managers', the production team's and/or the talent's time between the Company and one or more of these other activities. Additionally, the Managers may enter into services agreements with the Company. The terms of such agreement may not be the result of an arms-length transaction, but be considered to be equal to, or less than, industry standards for the associated services rendered to the Company.

The creation of a film is tied to external forces outside of the control of the company, including, but not limited to, weather, terrorist attacks, and labor strikes. Events of this nature could have an impact on both the timeline of the project and overall budget. Extreme cases may make it impossible to complete the project.

No assurance can be given that we will be successful in producing, distributing, selling, commercializing or exploiting any film, or any products created in connection therewith, to our targeted markets. Further, even if we do so, no assurance can be given that we will generate a profit from such sales. Future Distributions are not guaranteed. Payment of future distributions and the amounts thereof will be dependent upon the Company' earnings, financial requirements, and other factors. No assurances can be given that the Company will operate profitably or declare and pay any future distributions.

Our future success depends on the efforts of a small management team. The loss of services of the members of the management team may have an adverse effect on the company. There can be no assurance that we will be successful in attracting and retaining other personnel we require to successfully grow our business.

Melissa Vitello, Bryan Ricke and Stacy Snyder are part-time officers. As such, it is likely that the company will not make the same progress as it would if that were not the case.

INSTRUCTION TO QUESTION 8: Avoid generalized statements and include only those factors that are unique to the issuer. Discussion should be tailored to the issuer's business and the offering and should not repeat the factors addressed in the legends set forth above. No specific number of risk factors is required to be identified.

The Offering

USE OF FUNDS

9. What is the purpose of this offering?

The Company intends to use the net proceeds of this offering for working capital and general corporate purposes, which includes the specific items listed in Item 10 below. While the Company expects to use the net proceeds from the Offering in the manner described above, it cannot specify with certainty the particular uses of the net proceeds that it will receive from this Offering. Accordingly, the Company will have broad discretion in using these proceeds.

10. How does the issuer intend to use the proceeds of this offering?

If we raise: **\$50,000**

Use of Proceeds: 14% File the Louisiana State Tax Credit form, 10% pre-production scout trip to locations, 8% hire department heads, 40% deposits on rentals and 20.1% deposits on locations, 7.9% Wefunder Fees.

If we raise: **\$124,000**

Use of Proceeds: 6% File the Louisiana State Tax Credit form, 5% pre-production scout trip to locations, 8% hire department heads, 5% on materials, 40% deposits on rentals and 28.1% deposits on locations, 7.9% Wefunder Fees. Where our minimum target gets pre-production underway, our maximum target covers all production, post-production, and marketing costs, allowing us to complete and market the film in the most advantageous way.

INSTRUCTION TO QUESTION 10: An issuer must provide a reasonably detailed description of any intended use of proceeds, such that investors are provided with an adequate amount of information to understand how the offering proceeds will be used. If an issuer has identified a range of possible uses, the issuer should identify and describe each probable use and the factors the issuer may consider in allocating proceeds among the potential uses. If the issuer will accept proceeds in excess of the target offering amount, the issuer must describe the purpose, method for allocating oversubscriptions, and intended use of the excess proceeds with similar specificity. Please include all potential uses of the proceeds of the offering, including any that may apply only in the case of oversubscriptions. If you do not do so, you may later be required to amend your Form C. Wefunder is not responsible for any failure by you to describe a potential use of offering proceeds.

DELIVERY & CANCELLATIONS

11. How will the issuer complete the transaction and deliver securities to the investors?

If we reach our target offering amount prior to the deadline, we may conduct an initial closing of the offering early if we provide notice about the new offering deadline at least five business days prior to the new offering deadline (absent a material change that would require an extension of the offering and reconfirmation of the investment commitment). Wefunder will notify investors if we conduct an initial closing. Thereafter, we may conduct additional closings from time to time at our and Wefunder's discretion until the deadline date.

The following describes the process to invest in the Company, including how the Company will complete an Investor's transaction and deliver securities to the investor.

1. Investor Commitment. The Investor will submit, through Wefunder Portal, a requested investment amount. When doing so, the Investor will also execute an investment contract with the Company ("Investment Agreement"), using the Investor's electronic signature.
2. Acceptance of the Investment. If the Investor Agreement is complete, the Investor's commitment will typically be recorded within a few minutes. The commitment will also be available on the Investor's "My Investments" screen on the wefunder.com website. After the offering closes, the contract will be counter-signed by the Company. The executed investment contract will then be sent to the investor via email, and is also available to download on the "My Investments" screen.
3. Investor Transfer of Funds. Upon receiving confirmation that an investment has been accepted, the Investor will be responsible for transferring funds from a source that is accepted by Wefunder Portal into an escrow account held with a third party bank on behalf of issuers offering securities through Wefunder Portal.
4. Progress of the Offering. The Investor will receive periodic email updates on the progress of the offering, including total amounts raised at any given time, and will be notified by email and through the "My Investments" screen when the target offering amount is met.
5. Closing: Original Deadline. Unless we meet the target offering amount early, Investor funds will be transferred from the escrow account to the Company on the deadline date identified in the Cover Page to this Form C and the Company's Wefunder Portal Profile.
6. Early Closings. If the target offering amount is met prior to the original deadline date, we may close the offering earlier, but no less than 21 days after the date on which information about the Company, including this Form C, is posted on our Wefunder Portal Profile. We will reschedule the offering deadline, and at least five days prior to the new deadline, investors will receive notice of it by email and through the "My Investments" screen. At the time of the new deadline, your funds will be transferred to the Company from the escrow account, provided that the target offering amount is still met after any cancellations.

7. Book Entry. Investments may be in book entry form. This means that the Investor may not receive a certificate representing his or her investment. Each investment will be recorded in our books and records and will be recorded in each Investors' "My Investments" screen. The Investor will also be emailed the Investment Agreement again. The Investment Agreement will also be available on the "My Investments" screen. At the option of the Company, you may receive an electronic certificate.

12. How can an investor cancel an investment commitment?

NOTE: Investors may cancel an investment commitment until 48 hours prior to the deadline identified in these offering materials.

The intermediary will notify investors when the target offering amount has been met. If the issuer reaches the target offering amount prior to the deadline identified in the offering materials, it may close the offering early if it provides notice about the new offering deadline at least five business days prior to such new offering deadline (absent a material change that would require an extension of the offering and reconfirmation of the investment commitment).

If an investor does not cancel an investment commitment before the 48-hour period prior to the offering deadline, the funds will be released to the issuer upon closing of the offering and the investor will receive securities in exchange for his or her investment.

If an investor does not reconfirm his or her investment commitment after a material change is made to the offering, the investor's investment commitment will be cancelled and the committed funds will be returned.

An Investor's right to cancel. An Investor may cancel his or her investment commitment at any time until 48 hours prior to the offering deadline.

If there is a material change to the terms of the offering or the information provided to the Investor about the offering and/or the Company, the Investor will be provided notice of the change and must re-confirm his or her investment commitment within five business days of receipt of the notice. If the Investor does not reconfirm, he or she will receive notifications disclosing that the commitment was cancelled, the reason for the cancellation, and the refund amount that the investor is required to receive. If a material change occurs within five business days of the maximum number of days the offering is to remain open, the offering will be extended to allow for a period of five business days for the investor to reconfirm.

If the Investor cancels his or her investment commitment during the period when cancellation is permissible, or does not reconfirm a commitment in the case of a material change to the investment, or the offering does not close, all of the Investor's funds will be returned within five business days.

Within five business days of cancellation of an offering by the Company, the Company will give each investor notification of the cancellation, disclose the reason for the cancellation, identify the refund amount the Investor will receive, and refund the Investor's

funds.

The Company's right to cancel. The Investment Agreement you will execute with us provides the Company the right to cancel for any reason before the offering deadline.

If the sum of the investment commitments from all investors does not equal or exceed the target offering amount at the time of the offering deadline, no securities will be sold in the offering, investment commitments will be cancelled and committed funds will be returned.

Ownership and Capital Structure

THE OFFERING

13. Describe the terms of the securities being offered.

Revenue Participation Agreement.

Regular Terms: 120% of Principal + 50% of Net Profits.

Early Bird Terms: 125% of Principal + 50% of Net Profits (for investors in the first \$50,000 of the Offering).

Provided that Producer has completed the Offering, and Financier is not in breach of this Agreement, Producer agrees to repay to Financier the Financing Amount, together with a twenty percent (20%) premium thereon ("Financier Recoupment") (25% for Early Bird Terms), solely from Gross Receipts (if any) in accordance with this Paragraph 6. "Gross Receipts" as used herein shall mean all non-returnable, non-forfeitable sums derived by, or credited to, Producer or any of its affiliated or related parties from the distribution, exhibition, and other exploitation of the Picture (but not any sequel), any merchandising, publishing, soundtrack and other allied and/or ancillary rights relating thereto and any other funds received by or credited to Producer or any of its affiliated or related parties from the exploitation of the Picture. Gross Receipts, if any, of the Picture shall be allocated in the following order:

- First, to the payment of the following:
 - Any actual third party, out-of-pocket sales fees and sales expenses payable to the sales agents engaged to sell the Picture and other third party distribution fees and expenses (including but not limited to reasonable outside attorney fees) actually incurred and not otherwise recouped by Producer relating directly to the Picture, ongoing third party, out-of-pocket accounting costs and expenses incurred by Producer in connection with the processing of payments to profit participants on the Picture;
 - All other costs, expenses and charges actually incurred and paid by the Producer (or any affiliated or related entities) in connection with the production, post-production of the Picture or any rights therein, including, but not limited to, actual, out of pocket third party delivery costs and expenses (exclusive of the budgeted

party delivery costs and expenses (exclusive of the budgeted delivery costs), actual, out of pocket third party reasonable festival expenses (e.g., publicist, accommodations for producers, etc.), guild royalties, residuals, the gross amount (net of any insurance proceeds in connection therewith) paid for the settlement of any claims or lawsuits, including all expenses, court costs and attorneys' fees in connection with any such claim or litigation; but only to the extent any of the foregoing have not previously been paid or assumed by the Picture's distributor; and

- Third party, out-of-pocket expenses incurred by Producer in connection with the ongoing ownership of the Picture, including but not limited to (e.g., insurance premiums, the preservation and storage of negatives and master prints of the Picture, and copyrighting of the Picture) and maintenance and filing fees required to maintain Producer in good standing; taxes and other fees; and any amounts required to be withheld by law, if any; and
- Any compensation or deferred compensation and bonuses (e.g., box office bonuses, award bonuses) payable to parties rendering services in connection with the Picture (to the extent not assumed by the distributor(s) of the Picture); market rate compensation payable to the Producer or its affiliates for services rendered in connection with the production, completion and delivery of the Picture; any amounts paid to the completion guarantor of the Picture (if any) in repayment of sums advanced by such completion guarantor; any reasonable reserve amount, as determined by Producer in its good faith business judgment, required to cover anticipated future costs or liabilities, provided that such reserve amounts shall be liquidated every twelve (12) months
- Next, to the payment of any loans, plus reasonable interest thereon;
- Next, to Financier and any additional financiers (whether such financiers participated in the Offering or through a prior or future private or other capital raise) pro rata pari passu in accordance with their respective funds provided, until all financiers, including Financier have received one hundred percent (100%) of the Financing Amount), plus a premium of twenty percent (20%) of the funds provided by such financier (25% for Early Bird Terms), if ever;
- Next, for the payment of any actual Deferments, which deferments shall not exceed 20% of the final budget of the Picture. As used herein, "Deferments" shall mean arrangements for the deferral of some or all of the costs of goods and/or services in the Production Budget provided by the supplier of such goods and/or services; and
- Finally, to Net Receipts. "Net Receipts," as used herein, shall mean One Hundred Percent (100%) of all Gross Receipts remaining after the payments of all amounts set forth in subparagraphs 6(a) through (d) above. Producer shall receive Fifty Percent (50%) of Net Receipts ("Producer's Net Receipts") and the other Fifty Percent (50%) of Net Receipts shall be "Financier's Net Receipts." Financier shall receive such percentage of Financier's Net Receipts equal to the percentage that the Financing Amount advanced to Producer represents to the actual Production Budget, which may

exceed the estimated Production Budget as set forth herein.

See exact security attached as Appendix B, Investor Contracts.

14. Do the securities offered have voting rights?

- Yes
 No

15. Are there any limitations on any voting or other rights identified above?

- Yes: No Voting Rights
 No:

16. How may the terms of the securities being offered be modified?

No alteration, modification, or waiver, in whole or in part, of any provision of this Agreement shall be of any effect unless set forth in writing and signed by both parties hereto. Pursuant to authorization in the Investor Agreement between each Investor and Wefunder Portal, Wefunder Portal is authorized to take the following actions with respect to the investment contract between the Company and an investor: A. Wefunder Portal may amend the terms of an investment contract, provided that the amended terms are more favorable to the investor than the original terms; and B. Wefunder Portal may reduce the amount of an investor's investment if the reason for the reduction is that the Company's offering is oversubscribed.

RESTRICTIONS ON TRANSFER OF THE SECURITIES BEING OFFERED:

The securities being offered may not be transferred by any purchaser of such securities during the one year period beginning when the securities were issued, unless such securities are transferred:

1. to the issuer;
2. to an accredited investor;
3. as part of an offering registered with the U.S. Securities and Exchange Commission; or
4. to a member of the family of the purchaser or the equivalent, to a trust controlled by the purchaser, to a trust created for the benefit of a member of the family of the purchaser or the equivalent, or in connection with the death or divorce of the purchaser or other similar circumstance.

NOTE: The term "accredited investor" means any person who comes within any of the categories set forth in Rule 501(a) of Regulation D, or who the seller reasonably believes comes within any of such categories, at the time of the sale of the securities to that person.

The term "member of the family of the purchaser or the equivalent" includes a child, stepchild, grandchild, parent, stepparent, grandparent, spouse or spousal equivalent, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law of the purchaser, and includes adoptive relationships. The term "spousal equivalent" means a cohabitant occupying a relationship generally equivalent to that of a spouse.

DESCRIPTION OF ISSUER'S SECURITIES

17. What other securities or classes of securities of the issuer are outstanding? Describe the material terms of any other outstanding securities or classes of securities of the issuer.

Class of Security	Securities (or Amount) Authorized	Securities (or Amount) Outstanding	Voting Rights
Voting Units	1500	1500	Yes <input type="button" value="v"/>
Non-Voting Units	1500	1500	No <input type="button" value="v"/>

**Securities Reserved for
Class of Security Issuance upon Exercise or Conversion**

Warrants: _____

Options: _____

Describe any other rights:

N/A

18. How may the rights of the securities being offered be materially limited, diluted or qualified by the rights of any other class of security identified above?

Because the Investor holds no voting rights in the company, the holders of a majority-in-interest of voting rights in the Company could limit the Investor's rights in a material way. For example, those interest holders could vote to change the terms of the agreements governing the Company's operations or cause the Company to engage in additional offerings (including potentially a public offering). These decisions could affect gross revenues and diminish payments made to Investors.

Based on the risk that the company may never realize revenues or face a Default Event, the Investor may never see any returns.

Additional risks related to the rights of other security holders are discussed below, in Question 20.

19. Are there any differences not reflected above between the securities being offered and each other class of security of the issuer?

No.

20. How could the exercise of rights held by the principal shareholders identified in Question 6 above affect the purchasers of the securities being offered?

As holders of a majority-in-interest of voting rights in the Company, **the unitholders** may make decisions with which the Investor disagrees, or that negatively affect the value of the Investor's securities in the Company, and the Investor will have no recourse to change these decisions. The Investor's interests may conflict with those of other investors, and there is no guarantee that the Company will develop in a way that is optimal for or advantageous

to the Investor.

For example, **the unitholders** may change the terms of the operating agreement for the company, change the terms of securities issued by the Company, change the management of the Company, and even force out minority holders of securities. **The unitholders** may make changes that affect the tax treatment of the Company in ways that are unfavorable to you but favorable to them. They may also vote to engage in new offerings and/or to register certain of the Company's securities in a way that negatively affects the value of the securities the Investor owns. Other holders of securities of the Company may also have access to more information than the Investor, leaving the Investor at a disadvantage with respect to any decisions regarding the securities he or she owns.

The unitholders have the right to redeem their securities at any time. **Unitholders** could decide to force the Company to redeem their **securities** at a time that is not favorable to the Investor and is damaging to the Company. Investors' exit may affect the value of the Company and/or its viability.

In cases where the rights of holders of convertible debt, SAFES, or other outstanding options or warrants are exercised, or if new awards are granted under our equity compensation plans, an Investor's interests in the Company may be diluted. This means that the pro-rata portion of the Company represented by the Investor's securities will decrease, which could also diminish the Investor's voting and/or economic rights. In addition, as discussed above, if a majority-in-interest of holders of securities with voting rights cause the Company to issue additional units, an Investor's interest will typically also be diluted.

21. How are the securities being offered being valued? Include examples of methods for how such securities may be valued by the issuer in the future, including during subsequent corporate actions.

The offering price for the securities offered pursuant to this Form C has been determined arbitrarily by the Company, and does not necessarily bear any relationship to the Company's book value, assets, earnings or other generally accepted valuation criteria. In determining the offering price, the Company did not employ investment banking firms or other outside organizations to make an independent appraisal or evaluation. Accordingly, the offering price should not be considered to be indicative of the actual value of the securities offered hereby.

We will analyze factors such as those described above using a combination of financial and market-based methodologies to determine our business enterprise value. For example, we may use methodologies that assume that businesses operating in the same industry will share similar characteristics and that the Company's value will correlate to those characteristics, and/or methodologies that compare transactions in similar securities issued by us that were conducted in the market.

22. What are the risks to purchasers of the securities relating to minority ownership in the issuer?

An Investor in the Company will likely hold a minority position in the Company, and thus be limited as to its ability to control or influence the governance and operations of the Company.

The marketability and value of the Investor's interest in the

The marketability and value of the Investor's interest in the Company will depend upon many factors outside the control of the Investor. The Company will be managed by its officers and be governed in accordance with the strategic direction and decision-making of its Management, and the Investor will have no independent right to name or remove an officer or member of the Management of the Company.

Following the Investor's investment in the Company, the Company may sell interests to additional investors, which will dilute the percentage interest of the Investor in the Company. The Investor may have the opportunity to increase its investment in the Company in such a transaction, but such opportunity cannot be assured.

The amount of additional financing needed by the Company, if any, will depend upon the maturity and objectives of the Company. The declining of an opportunity or the inability of the Investor to make a follow-on investment, or the lack of an opportunity to make such a follow-on investment, may result in substantial dilution of the Investor's interest in the Company.

23. What are the risks to purchasers associated with corporate actions, including additional issuances of securities, issuer repurchases of securities, a sale of the issuer or of assets of the issuer or transactions with related parties?

Additional issuances of securities. Following the Investor's investment in the Company, the Company may sell interests to additional investors, which will dilute the percentage interest of the Investor in the Company. The Investor may have the opportunity to increase its investment in the Company in such a transaction, but such opportunity cannot be assured. The amount of additional financing needed by the Company, if any, will depend upon the maturity and objectives of the Company. The declining of an opportunity or the inability of the Investor to make a follow-on investment, or the lack of an opportunity to make such a follow-on investment, may result in substantial dilution of the Investor's interest in the Company.

Issuer repurchases of securities. The Company may have authority to repurchase its securities from unitholders, which may serve to decrease any liquidity in the market for such securities, decrease the percentage interests held by other similarly situated investors to the Investor, and create pressure on the Investor to sell its securities to the Company concurrently.

A sale of the issuer or of assets of the issuer. As a minority owner of the Company, the Investor will have limited or no ability to influence a potential sale of the Company or a substantial portion of its assets. Thus, the Investor will rely upon the executive management of the Company to manage the Company so as to maximize value for unitholders. Accordingly, the success of the Investor's investment in the Company will depend in large part upon the skill and expertise of the executive management of the Company. If the Management of the Company authorizes a sale of all or a part of the Company, or a disposition of a substantial portion of the Company's assets, there can be no guarantee that the value received by the Investor, together with the fair market

estimate of the value remaining in the Company, will be equal to or exceed the value of the Investor's initial investment in the Company.

Transactions with related parties. The Investor should be aware that there will be occasions when the Company may encounter potential conflicts of interest in its operations. On any issue involving conflicts of interest, the executive management of the Company will be guided by their good faith judgement as to the Company's best interests. The Company may engage in transactions with affiliates, subsidiaries or other related parties, which may be on terms which are not arm's-length, but will be in all cases consistent with the duties of the management of the Company to its unitholders. By acquiring an interest in the Company, the Investor will be deemed to have acknowledged the existence of any such actual or potential conflicts of interest and to have waived any claim with respect to any liability arising from the existence of any such conflict of interest.

24. Describe the material terms of any indebtedness of the issuer:

None.

INSTRUCTION TO QUESTION 24: name the creditor, amount owed, interest rate, maturity date, and any other material terms.

25. What other exempt offerings has the issuer conducted within the past three years?

Offering Date	Exemption	Security Type	Amount Sold	Use of Proceeds
No exempt offerings.				

26. Was or is the issuer or any entities controlled by or under common control with the issuer a party to any transaction since the beginning of the issuer's last fiscal year, or any currently proposed transaction, where the amount involved exceeds five percent of the aggregate amount of capital raised by the issuer in reliance on Section 4(a)(6) of the Securities Act during the preceding 12- month period, including the amount the issuer seeks to raise in the current offering, in which any of the following persons had or is to have a direct or indirect material interest:

1. any director or officer of the issuer;
2. any person who is, as of the most recent practicable date, the beneficial owner of 20 percent or more of the issuer's outstanding voting equity securities, calculated on the basis of voting power;
3. if the issuer was incorporated or organized within the past three years, any promoter of the issuer;
4. or any immediate family member of any of the foregoing persons.

- Yes
 No

INSTRUCTIONS TO QUESTION 26: The term transaction includes, but is not limited to, any financial transaction, arrangement or relationship (including any indebtedness or guarantee of indebtedness) or any series of similar transactions, arrangements or relationships.

Beneficial ownership for purposes of paragraph (2) shall be determined as of a date that is no more than 120 days prior to the date of filing of this offering statement and

using the same calculation described in Question 6 of this Question and Answer format.

The term “member of the family” includes any child, stepchild, grandchild, parent, stepparent, grandparent, spouse or spousal equivalent, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law of the person, and includes adoptive relationships. The term “spousal equivalent” means a cohabitant occupying a relationship generally equivalent to that of a spouse.

Compute the amount of a related party’s interest in any transaction without regard to the amount of the profit or loss involved in the transaction. Where it is not practicable to state the approximate amount of the interest, disclose the approximate amount involved in the transaction.

FINANCIAL CONDITION OF THE ISSUER

27. Does the issuer have an operating history?

- Yes
 No

28. Describe the financial condition of the issuer, including, to the extent material, liquidity, capital resources and historical results of operations.

Management’s Discussion and Analysis of Financial Condition and Results of Operations

You should read the following discussion and analysis of our financial condition and results of operations together with our financial statements and the related notes and other financial information included elsewhere in this offering. Some of the information contained in this discussion and analysis, including information regarding the strategy and plans for our business, includes forward-looking statements that involve risks and uncertainties. You should review the “Risk Factors” section for a discussion of important factors that could cause actual results to differ materially from the results described in or implied by the forward-looking statements contained in the following discussion and analysis.

Overview

Female-led paranormal horror film about past life regression.

Milestones

Regression Film, LLC was organized in the State of Delaware in July 2023.

Since then, we have:

- Filmmakers have completed 10+ feature films, secured distributions, and won Best Picture & Director.
- We have distribution connections with Amazon Prime, XYZ, IFC, Dark Star Pictures, and more.
- For our last film, we secured \$225k+ financing, successfully managed the budget & distribution.
- Unique, high-concept IP strategically positioned for franchise and

sequel/prequel opportunities.

The Company is subject to risks and uncertainties common to early-stage companies. Given the Company's limited operating history, the Company cannot reliably estimate how much revenue it will receive in the future.

Historical Results of Operations

Our company was organized in July 2023 and has limited operations upon which prospective investors may base an evaluation of its performance.

- *Revenues & Gross Margin.* For the period ended December 31, 2023, the Company had revenues of \$0.
- *Assets.* As of December 31, 2023, the Company had total assets of \$0, including \$0 in cash.
- *Net Loss.* The Company has had net losses of \$2,397.69 for 2023.
- *Liabilities.* The Company's liabilities totaled \$0 for 2023.

Liquidity & Capital Resources

After the conclusion of this Offering, should we hit our minimum funding target, our projected runway is 8 months before we need to raise further capital.

We plan to use the proceeds as set forth in this Form C under "Use of Funds". We don't have any other sources of capital in the immediate future.

We will likely require additional financing in excess of the proceeds from the Offering in order to perform operations over the lifetime of the Company. We plan to raise capital in 6 months. Except as otherwise described in this Form C, we do not have additional sources of capital other than the proceeds from the offering. Because of the complexities and uncertainties in establishing a new business strategy, it is not possible to adequately project whether the proceeds of this offering will be sufficient to enable us to implement our strategy. This complexity and uncertainty will be increased if less than the maximum amount of securities offered in this offering is sold. The Company intends to raise additional capital in the future from investors. Although capital may be available for early-stage companies, there is no guarantee that the Company will receive any investments from investors.

Runway & Short/Mid Term Expenses

Regression Film, LLC cash in hand is \$0, as of May 2024. Over the last three months, revenues have averaged \$0/month, cost of goods sold has averaged \$0/month, and operational expenses have averaged \$0/month, for an average burn rate of \$0 per month. Our intent is to be profitable in 24 months.

The company is newly established with no history of operations or finances to disclose. The only financial activity have been general operating and admin expenses, financed by \$2,397.69 in officer contributions to the company.

We do not expect to have revenue for the first 24 months. In the next 3 - 6 months we will have expenses related to pre-production, securing locations, equipment rentals, releasing department head budgets, and hiring.

This endeavor needs a finished product to be taken to market in order to be profitable. The film Regression would need a minimum funding of \$200,000.00 to be taken to market. The current

timeline stands at the following: Funding until November 2024, Pre-production as soon as possible, Principal Photography in January 2025, Post Production through July 2025. From there we plan to take the final product to market. At market, there are two possibilities: Distribution or Sales. Should we secure a distribution agreement, the distributor would arrange licensing contracts, and revenue would likely begin generating at the execution of the first licensing agreement. Additional licensing agreements can be secured quarter after quarter for a minimum of ten years. Should we secure a sales agreement, we anticipate full revenue potential of the film will be realized and investors will be paid out within 30 days.

Assuming we are successful in the strategies described above, our conservative financial projections are: \$100,000 in 24 months, additional \$150,000 in 36 months, additional \$150,000 in 48 months, and additional \$80,000 - \$100,000 annually for 5-7 years.

In terms of capital sources outside Wefunder, we have private equity investors currently committing to \$100,000 with us directly and are in talks with other private equity investors. We anticipate getting to at least \$100,000 with Wefunder. If we raise less than \$200,000, we would need to alter our shooting location to make the film on that budget, however, we believe we can leverage the amount raised to get other investors on board.

All projections in the above narrative are forward-looking and not guaranteed.

INSTRUCTIONS TO QUESTION 28: The discussion must cover each year for which financial statements are provided. For issuers with no prior operating history, the discussion should focus on financial milestones and operational, liquidity and other challenges. For issuers with an operating history, the discussion should focus on whether historical results and cash flows are representative of what investors should expect in the future. Take into account the proceeds of the offering and any other known or pending sources of capital. Discuss how the proceeds from the offering will affect liquidity, whether receiving these funds and any other additional funds is necessary to the viability of the business, and how quickly the issuer anticipates using its available cash. Describe the other available sources of capital to the business, such as lines of credit or required contributions by shareholders. References to the issuer in this Question 28 and these instructions refer to the issuer and its predecessors, if any.

FINANCIAL INFORMATION

29. Include financial statements covering the two most recently completed fiscal years or the period(s) since inception, if shorter:
