Hi {{FirstName}},

Circling back, we are electrifying heavy machinery (\$600B industry), with our fluid-free, AI-ready hydraulics replacement technology.

Key highlights:

- \$11M in sales & development revenue, YoY growth 225%
- \$22M raised from VCs Techstars, MIT's The Engine, Fortistar Capital
- Purpose-built team from MIT, RISD, iRobot, Apple, Forbes 30 Under 30 Manufacturing
- Collaborations with Anthony Liftgates, U.S. Air Force, Danfoss, & Gates Corporation
- 20+ global patents granted & pending
- 3X faster, 3X more efficient, & half the operating cost of hydraulics - ZERO emissions
- Raising a strategic round with preferred terms leading up to our Series B

We have a limited number of shares under preferred terms ([community round](#)). Are you interested in learning more?

Best regards,  
Hiten Sonpal

*We are 'testing the waters' to gauge investor interest in an offering under Regulation Crowdfunding. No money or other consideration is being solicited. If sent, it will not be accepted. RISE: (MIT/Harvard/Georgia) alumni electrifying the \$600B heavy machinery industry

Hi {{FirstName}},

We're raising a strategic round with preferred terms and as a fellow (MIT/Harvard/Georgia) alumni, I wanted to give you early access to preferred terms before we open the opportunity to the public.

# Capital Department

The \$600B heavy machinery industry is ripe for electrification and automation. We're leading the charge with our patented, zero-emissions, AI-ready platform which will replace outdated hydraulics.

Key highlights:

- \$11M in sales & development revenue, YoY growth 225%
- \$22M raised from VCs Techstars, MIT's The Engine, Fortistar Capital
- Purpose-built team from MIT, RISD, iRobot, Apple, Forbes 30 Under 30 Manufacturing
- Collaborations with Anthony Liftgates, U.S. Air Force, Danfoss, & Gates Corporation
- 20+ global patents granted & pending
- 3X faster, 3X more efficient, & half the operating cost of hydraulics - ZERO emissions

Are you available for a quick chat to discuss our approach and see if we're a fit? [Here](#) is my calendly, or let me know when works.

Best regards,
