Offering Statement

Respond to each question in each paragraph of this part. Set forth each question and any notes, but not any instructions thereto, in their entirety. If disclosure in response to any question is responsive to one or more other questions, it is not necessary to repeat the disclosure. If a question or series of questions is inapplicable or the response is available elsewhere in the Form, either state that it is inapplicable, include a cross-reference to the responsive disclosure, or omit the question or series of questions.

Be very careful and precise in answering all questions. Give full and complete answers so that they are not misleading under the circumstances involved. Do not discuss any future performance or other anticipated event unless you have a reasonable basis to believe that it will actually occur within the foreseeable future. If any answer requiring significant information is materially inaccurate, incomplete or misleading, the Company, its management and principal shareholders may be liable to investors based on that information.

THE COMPANY

1. Name of issuer:

Pirouette Pharma Inc.

COMPANY ELIGIBILITY

2. ☒ Check this box to certify that all of the following statements are true for the issuer.
- Organized under, and subject to, the laws of a State or territory of the United States or the District of Columbia.
 - Not subject to the requirement to file reports pursuant to Section 13 or Section 15(d) of the Securities Exchange Act of 1934.
 - Not an investment company registered or required to be registered under the Investment Company Act of 1940.
 - Not ineligible to rely on this exemption under Section 4(a)(6) of the Securities Act as a result of a disqualification specified in Rule 503(a) of Regulation Crowdfunding.
 - Has filed with the Commission and provided to investors, to the extent required, the ongoing annual reports required by Regulation Crowdfunding during the two years immediately preceding the filing of this offering statement (or for such shorter period that the issuer was required to file such reports).
 - Not a development stage company that (a) has no specific business plan or (b) has indicated that its business plan is to engage in a merger or acquisition with an unidentified company or companies.

INSTRUCTION TO QUESTION 2: If any of these statements are not true, then you are NOT eligible to rely on this exemption under Section 4(a)(6) of the Securities Act.

3. Has the issuer or any of its predecessors previously failed to comply with the ongoing reporting requirements of Rule 202 of Regulation Crowdfunding?

☐ Yes ☒ No

DIRECTORS OF THE COMPANY

4. Provide the following information about each director (and any persons occupying a similar status or performing a similar function) of the issuer.

Director	Principal Occupation	Main Employer	Year Joined as Director
Matthew Kane	Executive	Pirouette Pharma Inc.	2017
Joseph Nemmers Jr.	Retired	Retired	2021
Parinaz Motamedy	Partner, Venture Capital	Safar Partners	2022
Conor Cullinane	Executive	Pirouette Pharma Inc.	2017

For three years of business experience, refer to [Appendix D: Director & Officer Work History](#).

OFFICERS OF THE COMPANY

5. Provide the following information about each officer (and any persons occupying a similar status or performing a similar function) of the issuer.

Officer	Positions Held	Year Joined
Elijah Kapas	CTO	2017
Elijah Kapas	Co-Founder	2017
Matthew Kane	Secretary	2017
Matthew Kane	COO	2017
Matthew Kane	Co-Founder	2017
Conor Cullinane	CEO	2017
Conor Cullinane	President	2017
Conor Cullinane	Chair	2017

For three years of business experience, refer to [Appendix D: Director & Officer Work History](#).

INSTRUCTION TO QUESTION 5: For purposes of this Question 5, the term officer means a president, vice president, secretary, treasurer or principal financial officer, comptroller or principal accounting officer, and any person that routinely performing similar functions.

PRINCIPAL SECURITY HOLDERS

6. Provide the name and ownership level of each person, as of the most recent practicable date, who is the beneficial owner of 20 percent or more of the issuer's outstanding voting equity securities, calculated on the basis of voting power.

Name of Holder	No. and Class of Securities Now Held	% of Voting Power Prior to Offering
Conor Cullinane	4500000.0 Common	22.7

INSTRUCTION TO QUESTION 6: The above information must be provided as of a date that is no more than 120 days prior to the date of filing of this offering statement.

To calculate total voting power, include all securities for which the person directly or indirectly has or shares the voting power, which includes the power to vote or to direct the voting of such securities. If the person has the right to acquire voting power of such securities within 60 days, including through the exercise of any option, warrant or right, the conversion of a security, or other arrangement, or if securities are held by a member of the family, through corporations or partnerships, or otherwise in a manner that would allow a person to direct or control the voting of the securities (or share in such direction or control – as, for example, a co-trustee) they should be included as being "beneficially owned." You should include an explanation of these circumstances in a footnote to the "Number of and Class of Securities Now Held." To calculate outstanding voting equity securities, assume all outstanding options are exercised and all outstanding convertible securities converted.

BUSINESS AND ANTICIPATED BUSINESS PLAN

7. Describe in detail the business of the issuer and the anticipated business plan of the issuer.

For a description of our business and our business plan, please refer to the attached [Appendix A, Business Description & Plan](#)

INSTRUCTION TO QUESTION 7: Wefunder will provide your company's Wefunder profile as an appendix (Appendix A) to the Form C in PDF format. The submission will include all Q&A items and "read more" links in an un-collapsed format. All videos will be transcribed.

This means that any information provided in your Wefunder profile will be provided to the SEC in response to this question. As a result, your company will be potentially liable for misstatements and omissions in your profile under the Securities Act of 1933, which requires you to provide material information related to your business and anticipated business plan. Please review your Wefunder profile carefully to ensure it provides all material information, is not false or misleading, and does not omit any information that would cause the information included to be false or misleading.

RISK FACTORS

A crowdfunding investment involves risk. You should not invest any funds in this offering unless you can afford to lose your entire investment.

In making an investment decision, investors must rely on their own examination of the issuer and the terms of the offering, including the merits and risks involved. These securities have not been recommended or approved by any federal or state securities commission or regulatory authority. Furthermore, these authorities have not passed upon the accuracy or adequacy of this document.

The U.S. Securities and Exchange Commission does not pass upon the merits of any securities offered or the terms of the offering, nor does it pass upon the accuracy or completeness of any offering document or literature.

These securities are offered under an exemption from registration; however, the U.S. Securities and Exchange Commission has not made an independent determination that these securities are exempt from registration.

8. Discuss the material factors that make an investment in the issuer speculative or risky:

Technical Risks: Pirouette's products involve complex design and manufacturing processes. The product's performance relies heavily on meeting essential performance requirements (EPRs) such as extended needle length, injection time, and delivered dose. Any deviation in these performance metrics can significantly impact the reliability and effectiveness of the products.

Regulatory Risks: There is a risk that Pirouette may not achieve regulatory approval for its products. The regulatory pathway involves specific testing and compliance with standards, which presents challenges in meeting the requirements set by regulatory bodies like the FDA.

Commercialization Risks (Distribution + Pricing/Reimbursement): Pirouette faces challenges in commercializing its products. Success depends on effective distribution, pricing, reimbursement strategies, and gaining market acceptance against established competitors.

Commercialization Risks (Intellectual Property): Pirouette relies on its patented technology for the novel auto-injector, form factor, and internal mechanisms. There is a risk associated with protecting these patents and maintaining their competitive advantage in various international markets.

Market Acceptance Risk: There is a risk that the market may not readily accept Pirouette's new auto-injector technology. Market trends and consumer preferences can be unpredictable and may not align with the company's expectations.

Supply Chain and Manufacturing Risk: Given the custom design of Pirouette's auto-injectors, there is a risk in maintaining a consistent and reliable supply chain and manufacturing processes. Any disruptions or inefficiencies can impact product availability and quality.

Competitive Landscape Risk: Pirouette operates in a highly competitive market with established players. The company faces the risk of intense competition which may affect its market share and profitability.

Technology Obsolescence Risk: As Pirouette's products are technology-driven, there is a risk of the technology becoming obsolete due to rapid advancements in the field or the introduction of superior technologies by competitors.

Financial Sustainability Risk: Pirouette may face challenges in ensuring long-term financial sustainability, especially given the significant costs associated with R&D, manufacturing, and marketing in a competitive and regulated market.

Our future success depends on the efforts of a small management team. The loss of services of the members of the management team may have an adverse effect on the company. There can be no assurance that we will be successful in attracting and retaining other personnel we require to successfully grow our business.

The Company may never receive a future equity financing or elect to convert the Securities upon such future financing. In addition, the Company may never undergo a liquidity event such as a sale of the Company or an IPO. If neither the conversion of the Securities nor a liquidity event occurs, the Purchasers could be left holding the Securities in perpetuity. The Securities have numerous transfer restrictions and will likely be highly illiquid, with no secondary market on which to sell them. The Securities are not equity interests, have no ownership rights, have no rights to the Company's assets or profits and have no voting rights or ability to direct the Company or its actions.

INSTRUCTION TO QUESTION 8: Avoid generalized statements and include only those factors that are unique to the issuer. Discussion should be tailored to the issuer's business and the offering and should not repeat the factors addressed in the legends set forth above. No specific number of risk factors is required to be identified.

The Offering

USE OF FUNDS

9. What is the purpose of this offering?

The Company intends to use the net proceeds of this offering for working capital and general corporate purposes, which includes the specific items listed in Item 10 below. While the Company expects to use the net proceeds from the Offering in the manner described above, it cannot specify with certainty the particular uses of the net proceeds that it will receive from this Offering. Accordingly, the Company will have broad discretion in using these proceeds.

10. How does the Issuer intend to use the proceeds of this offering?

If we raise: **\$50,000**

Use of
Proceeds: 95% Manufacturing scale up, 5% Wefunder fees.

If we raise: **\$2,376,381**

Use of
Proceeds: 95 % Manufacturing scale up, 5% Wefunder fees. Raising the maximum goals allows us to complete a significantly larger portion of our manufacturing scale-up plan, including more advanced stages of fully-automated manufacturing equipment development.

INSTRUCTION TO QUESTION 10: An issuer must provide a reasonably detailed description of any intended use of proceeds, such that investors are provided with an adequate amount of information to understand how the offering proceeds will be used. If an issuer has identified a range of possible uses, the issuer should identify and describe each probable use and the factors the issuer may consider in allocating proceeds among the potential uses. If the issuer will accept proceeds in excess of the target offering amount, the issuer must describe the purpose, method for allocating oversubscriptions, and intended use of the excess proceeds with similar specificity. Please include all potential uses of the proceeds of the offering, including any that may apply only in the case of oversubscriptions. If you do not do so, you may later be required to amend your Form C. Wefunder is not responsible for any failure by you to describe a potential use of offering proceeds.

DELIVERY & CANCELLATIONS

11. How will the issuer complete the transaction and deliver securities to the investors?

Book Entry and Investment in the Co-Issuer. Investors will make their investments by investing in interests issued by one or more co-issuers, each of which is a special purpose vehicle ("SPV"). The SPV will invest all amounts it receives from investors in securities issued by the Company. Interests issued to investors by the SPV will be in book entry form. This means that the investor will not receive a certificate representing his or her investment. Each investment will be recorded in the books and records of the SPV. In addition, investors' interests in the investments will be recorded in each investor's "Portfolio" page on the Wefunder platform. All references in this Form C to an Investor's investment in the Company (or similar phrases) should be interpreted to include investments in a SPV.

12. How can an investor cancel an investment commitment?

NOTE: Investors may cancel an investment commitment until 48 hours prior to the deadline identified in these offering materials.

The intermediary will notify investors when the target offering amount has been met. If the issuer reaches the target offering amount prior to the deadline identified in the offering materials, it may close the offering early if it provides notice about the new offering deadline at least five business days prior to such new offering deadline (absent a material change that would require an extension of the offering and reconfirmation of the investment commitment).

If an investor does not cancel an investment commitment before the 48-hour period prior to the offering deadline, the funds will be released to the issuer upon closing of the offering and the investor will receive securities in exchange for his or her investment.

If an investor does not reconfirm his or her investment commitment after a material change is made to the offering, the investor's investment commitment will be cancelled and the committed funds will be returned.

An Investor's right to cancel. An investor may cancel his or her investment commitment at any time until 48 hours prior to the offering deadline.

If there is a material change to the terms of the offering or the information provided to the Investor about the offering and/or the Company, the Investor will be provided notice of the change and must re-confirm his or her investment commitment within five business days of receipt of the notice. If the Investor does not reconfirm, he or she will receive notifications disclosing that the commitment was cancelled, the reason for the cancellation, and the refund amount that the investor is required to receive. If a material change occurs within five business days of the maximum number of days the offering is to remain open, the offering will be extended to allow for a period of five business days for the investor to reconfirm.

If the investor cancels his or her investment commitment during the period when cancellation is permissible, or does not reconfirm a commitment in the case of a material change to the investment, or the offering does not close, all of the Investor's funds will be returned within five business days.

Within five business days of cancellation of an offering by the Company, the Company will give each investor notification of the cancellation, disclose the

reason for the cancellation, identify the refund amount the investor will receive, and refund the investor's funds.

The Company's right to cancel. The Investment Agreement you will execute with us provides the Company the right to cancel for any reason before the offering deadline.

If the sum of the investment commitments from all investors does not equal or exceed the target offering amount at the time of the offering deadline, no securities will be sold in the offering, investment commitments will be cancelled and committed funds will be returned.

Ownership and Capital Structure

THE OFFERING

13. Describe the terms of the securities being offered.

To view a copy of the SAFE you will purchase, please see [Appendix B, Investor Contracts](#).

The main terms of the SAFEs are provided below.

The SAFEs. We are offering securities in the form of a Simple Agreement for Future Equity ("SAFE"), which provides Investors the right to **Preferred Stock** in the Company ("**Preferred Stock**"), when and if the Company sponsors an equity offering that involves **Preferred Stock**, on the standard terms offered to other investors.

Conversion to Preferred Equity. Based on our SAFEs, when we engage in an offering of equity interests involving **Preferred Stock**, **investors will receive a number of shares of Preferred Stock** calculated using the method that results in the greater number of **Preferred Stock**:

- i. the total value of the Investor's investment, divided by
 - a. the price of **Preferred Stock** issued to new investors multiplied by
 - b. the **discount rate** (80%), or
- ii. if the valuation for the company is more than **\$95,000,000.00** (the pre-money valuation cap), the amount invested by the Investor divided by the quotient of
 - a. the valuation cap divided by
 - b. the total amount of the Company's capitalization at that time.

Conversion in a Qualified Financing

In the event that the Company issues and sells Preferred Stock in a bona fide transaction or series of transactions with the principal purpose of raising capital for aggregate proceeds of at least US\$10,000,000 at a fixed valuation, including but not limited to, a pre-money or post-money valuation (a "Qualified Financing") before the termination of this SAFE, this SAFE will automatically convert into the number of shares of SAFE Preferred Stock equal to the Purchase Amount divided by the lower of (1) the Cap Price or (2) the Discount Price (the "Conversion Price") upon the occurrence of such Qualified Financing.

Optional Conversion in Nonqualified Financing

If the Company issues and sells Preferred Stock in an equity financing that does not constitute a Qualified Financing, then the Majority Holders shall have the option to treat such equity financing as a Qualified Financing on the same terms set forth herein.

Liquidity Event

If there is a Change of Control, a Direct Listing or an Initial Public Offering (a "Liquidity Event") before the termination of this SAFE, this SAFE will automatically be entitled (subject to the liquidation priority set forth in Section 5 of the attached SAFE) to receive a portion of Proceeds, due and payable to the Investor immediately prior to, or concurrent with, the consummation of such Liquidity Event, equal to the greater of (i) the Purchase Amount (the "Cash-Out Amount") or (ii) the amount payable on the number of shares of Common Stock equal to the Purchase Amount divided by the Liquidity Price (the "Conversion Amount"). If any of the Company's securityholders are given a choice as to the form and amount of Proceeds to be received in a Liquidity Event, the Investor will be given the same choice, provided that the Investor may not choose to receive a form of consideration that the Investor would be ineligible to receive as a result of the Investor's failure to satisfy any requirement or limitation generally applicable to the Company's securityholders, or under any applicable laws.

Liquidation Priority

In a Liquidity Event or Dissolution Event, this SAFE is intended to operate like standard nonparticipating Preferred Stock. The investor's right to receive its Cash-Out Amount is:

- (i) Junior to payment of outstanding indebtedness and creditor claims, including contractual claims for payment and convertible promissory notes (to the extent such convertible promissory notes are not actually or notionally converted into Capital Stock);
- (ii) On par with payments for other SAFEs and/or Preferred Stock, and if the applicable Proceeds are insufficient to permit full payments to the Investor and such other SAFEs and/or Preferred Stock, the applicable Proceeds will be distributed pro rata to the Investor and such other SAFEs and/or Preferred Stock in proportion to the full payments that would otherwise be due; and
- (iii) Senior to payments for Common Stock. The Investor's right to receive its Conversion Amount is (A) on par with payments for Common Stock and other SAFEs and/or Preferred Stock who are also receiving Conversion Amounts or Proceeds on a similar as-converted to Common Stock basis, and (B) junior to payments described in clauses (i) and (ii) above (in the latter case, to the extent such payments are Cash-Out Amounts or similar liquidation preferences).

Termination

This SAFE will automatically terminate (without relieving the Company of any obligations arising from a prior breach of or non-compliance with this SAFE) immediately following the earliest to occur of: (i) the issuance of shares of the Company's Preferred Stock to the Investor pursuant to the conversion of this SAFE under Section 1 or 2; or (ii) the payment, or setting aside for payment, of amounts due the Investor pursuant to Section 3 or 4 of the attached SAFE.

Securities Issued by the SPV

Instead of issuing its securities directly to investors, the Company has decided to issue its securities to the SPV, which will then issue interests in the SPV to investors. The SPV is formed concurrently with the filing of the Form C. Given this, the SPV does not have any financials to report. The SPV is managed by Wefunder Admin, LLC and is a co-issuer with the Company of the securities being offered in

this offering. The Company's use of the SPV is intended to allow investors in the SPV to achieve the same economic exposure, voting power, and ability to assert State and Federal law rights, and receive the same disclosures, as if they had invested directly in the Company. While the issuer may be required to pay an annual administrative fee for the maintenance of the SPV, investors should note the Company's use of the SPV will not result in any additional fees being charged to investors.

The SPV has been organized and will be operated for the sole purpose of directly acquiring, holding and disposing of the Company's securities, will not borrow money and will use all of the proceeds from the sale of its securities solely to purchase a single class of securities of the Company. As a result, an investor investing in the Company through the SPV will have the same relationship to the Company's securities, in terms of number, denomination, type and rights, as if the investor invested directly in the Company.

Voting Rights

If the securities offered by the Company and those offered by the SPV have voting rights, those voting rights may be exercised by the investor or his or her proxy. The applicable proxy is the Lead Investor, if the Proxy (described below) is in effect.

Proxy to the Lead Investor

The SPV securities have voting rights. With respect to those voting rights, the investor and his, her, or its transferees or assignees (collectively, the "Investor"), through a power of attorney granted by Investor in the Investor Agreement, has appointed or will appoint the Lead Investor as the Investor's true and lawful proxy and attorney (the "Proxy") with the power to act alone and with full power of substitution, on behalf of the Investor to: (i) vote all securities related to the Company purchased in an offering hosted by Wefunder Portal, and (ii) execute, in connection with such voting power, any instrument or document that the Lead Investor determines is necessary and appropriate in the exercise of his or her authority. Such Proxy will be irrevocable by the Investor unless and until a successor lead investor ("Replacement Lead Investor") takes the place of the Lead Investor. Upon notice that a Replacement Lead Investor has taken the place of the Lead Investor, the Investor will have five (5) calendar days to revoke the Proxy. If the Proxy is not revoked within the 5-day time period, it shall remain in effect.

Restriction on Transferability

The SPV securities are subject to restrictions on transfer, as set forth in the Subscription Agreement and the Limited Liability Company Agreement of Wefunder SPV, LLC, and may not be transferred without the prior approval of the Company, on behalf of the SPV.

14. Do the securities offered have voting rights?

- ☐ Yes
- ☒ No

15. Are there any limitations on any voting or other rights identified above?

See the above description of the Proxy to the Lead Investor.

16. How may the terms of the securities being offered be modified?

Any provision of this Safe may be amended, waived or modified by written consent of the Company and either:

- i. the Investor or
- ii. the majority-in-interest of all then-outstanding Safes with the same "Post-Money Valuation Cap" and "Discount Rate" as this Safe (and Safes lacking one or both of such terms will be considered to be the same with respect to such term(s)), provided that with respect to clause (ii):
 - A. the Purchase Amount may not be amended, waived or modified in this manner,
 - B. the consent of the Investor and each holder of such Safes must be solicited (even if not obtained), and
 - C. such amendment, waiver or modification treats all such holders in the same manner. "Majority-in-interest" refers to the holders of the applicable group of Safes whose Safes have a total Purchase Amount greater than 50% of the total Purchase Amount of all of such applicable group of Safes.

Pursuant to authorization in the Investor Agreement between each Investor and Wefunder Portal, Wefunder Portal is authorized to take the following actions with respect to the investment contract between the Company and an investor:

- A. Wefunder Portal may amend the terms of an investment contract, provided that the amended terms are more favorable to the investor than the original terms; and
- B. Wefunder Portal may reduce the amount of an investor's investment if the reason for the reduction is that the Company's offering is oversubscribed.

RESTRICTIONS ON TRANSFER OF THE SECURITIES BEING OFFERED:

The securities being offered may not be transferred by any purchaser of such securities during the one year period beginning when the securities were issued, unless such securities are transferred:

- 1. to the issuer;
- 2. to an accredited investor;
- 3. as part of an offering registered with the U.S. Securities and Exchange Commission; or
- 4. to a member of the family of the purchaser or the equivalent, to a trust controlled by the purchaser, to a trust created for the benefit of a member of the family of the purchaser or the equivalent, or in connection with the death or divorce of the purchaser or other similar circumstance.

NOTE: The term "accredited investor" means any person who comes within any of the categories set forth in Rule 501(a) of Regulation D, or who the seller reasonably believes comes within any of such categories, at the time of the sale of the securities to that person.

The term "member of the family of the purchaser or the equivalent" includes a child, stepchild, grandchild, parent, stepparent, grandparent, spouse or spousal equivalent, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law of the purchaser, and includes adoptive relationships. The term "spousal equivalent" means a cohabitant occupying a relationship generally equivalent to that of a spouse.

DESCRIPTION OF ISSUER'S SECURITIES

17. What other securities or classes of securities of the issuer are outstanding? Describe the material terms of any other outstanding securities or classes of securities of the issuer.

Class of Security	Securities (or Amount) Authorized	Securities (or Amount) Outstanding	Voting Rights
Common	21,000,000	10,000,000	1 vote per share

Series A-5 Preferred Stock (PA5) Stock	5,254,432	5,100,888	Yes

Securities Reserved for Issuance upon Exercise or Conversion

Class of Security

Warrants:

Options:	Total Pool: 309,278	Issued: 103,550
----------	------------------------	--------------------

Describe any other rights:

Dividends on preferred stock are in preference to and prior to any payment of any dividend on common stock and are not cumulative. Investors in the offering would receive preferred stock if the SAFE converts as part of a Qualified Financing or a Nonqualified Financing Event. Preferred stock has a 1x non-participating liquidation preference over common stock.

18. How may the rights of the securities being offered be materially limited, diluted or qualified by the rights of any other class of security identified above?

The holders of a majority-in-interest of voting rights in the Company could limit the Investor's rights in a material way. For example, those interest holders could vote to change the terms of the agreements governing the Company's operations or cause the Company to engage in additional offerings (including potentially a public offering).

These changes could result in further limitations on the voting rights the Investor will have as an owner of equity in the Company, for example by diluting those rights or limiting them to certain types of events or consents.

To the extent applicable, in cases where the rights of holders of convertible debt, SAFES, or other outstanding options or warrants are exercised, or if new awards are granted under our equity compensation plans, an Investor's interests in the Company may be diluted. This means that the pro-rata portion of the Company represented by the Investor's securities will decrease, which could also diminish the Investor's voting and/or economic rights. In addition, as discussed above, if a majority-in-interest of holders of securities with voting rights cause the Company to issue additional equity, an Investor's interest will typically also be diluted.

Based on the risk that an Investor's rights could be limited, diluted or otherwise qualified, the Investor could lose all or part of his or her investment in the securities in this offering, and may never see positive returns.

Additional risks related to the rights of other security holders are discussed below, in Question 20.

19. Are there any differences not reflected above between the securities being offered and each other class of security of the issuer?

No.

20. How could the exercise of rights held by the principal shareholders identified in Question 6 above affect the purchasers of the securities being offered?

As holders of a majority-in-interest of voting rights in the Company, the **shareholders** may make decisions with which the Investor disagrees, or that negatively affect the value of the Investor's securities in the Company, and the Investor will have no recourse to change these decisions. The Investor's interests may conflict with those of other investors, and there is no guarantee that the Company will develop in a way that is optimal for or advantageous to the Investor.

For example, the **shareholders** may change the terms of the articles of incorporation for the company, change the terms of securities issued by the Company, change the management of the Company, and even force out minority holders of securities. The **shareholders** may make changes that affect the tax treatment of the Company in ways that are unfavorable to you but favorable to them. They may also vote to engage in new offerings and/or to register certain of the Company's securities in a way that negatively affects the value of the securities the Investor owns. Other holders of securities of the Company may also have access to more information than the Investor, leaving the Investor at a disadvantage with respect to any decisions regarding the securities he or she owns.

The **shareholders** have the right to redeem their securities at any time. **Shareholders** could decide to force the Company to redeem their securities at a time that is not favorable to the Investor and is damaging to the Company. Investors' exit may affect the value of the Company and/or its viability.

In cases where the rights of holders of convertible debt, SAFES, or other outstanding options or warrants are exercised, or if new awards are granted under our equity compensation plans, an Investor's interests in the Company may be diluted. This means that the pro-rata portion of the Company represented by the Investor's securities will decrease, which could also diminish the Investor's voting and/or economic rights. In addition, as discussed above, if a majority-in-interest of holders of securities with voting rights cause the Company to issue additional stock, an Investor's interest will typically also be diluted.

21. How are the securities being offered being valued? Include examples of methods for how such securities may be valued by the issuer in the future, including during subsequent corporate actions.

The offering price for the securities offered pursuant to this Form C has been determined arbitrarily by the Company, and does not necessarily bear any relationship to the Company's book value, assets, earnings or other generally accepted valuation criteria. In determining the offering price, the Company did not employ investment banking firms or other outside organizations to make an independent appraisal or evaluation. Accordingly, the offering price should not be considered to be indicative of the actual value of the securities offered hereby.

The initial amount invested in a SAFE is determined by the investor, and we do not guarantee that the SAFE will be converted into any particular number of **shares of Preferred Stock**. As discussed in Question 13, when we engage in an offering of equity interests involving **Preferred Stock**, investors may receive a number of shares of **Preferred Stock** calculated as either (i) the total value of the investor's investment, divided by the price of the **Preferred Stock** being issued to new investors, or (ii) if the valuation for the company is more than the Valuation Cap, the amount invested divided by the quotient of (a) the Valuation Cap divided by (b) the total amount of the Company's capitalization at that time.

Because there will likely be no public market for our securities prior to an initial public offering or similar liquidity event, the price of the **Preferred Stock** that investors will receive, and/or the total value of the Company's capitalization, will be determined by our **board of directors**. Among the factors we may consider in determining the price of **Preferred Stock** are prevailing market conditions, our financial information, market valuations of other companies that we believe to be comparable to us, estimates of our business potential, the present state of our development and other factors deemed relevant.

In the future, we will perform valuations of our **stock (including both common stock and Preferred Stock)** that take into account, as applicable, factors such as the following:

- unrelated third party valuations;
- the price at which we sell other securities in light of the relative rights, preferences and privileges of those securities;
- our results of operations, financial position and capital resources;
- current business conditions and projections;
- the marketability or lack thereof of the securities;
- the hiring of key personnel and the experience of our management;
- the introduction of new products;
- the risk inherent in the development and expansion of our products;
- our stage of development and material risks related to our business;
- the likelihood of achieving a liquidity event, such as an initial public offering or a sale of our company given the prevailing market conditions and the nature and history of our business;
- industry trends and competitive environment;
- trends in consumer spending, including consumer confidence;
- overall economic indicators, including gross domestic product, employment, inflation and interest rates; and
- the general economic outlook.

We will analyze factors such as those described above using a combination of financial and market-based methodologies to determine our business enterprise value. For example, we may use methodologies that assume that businesses operating in the same industry will share similar characteristics and that the Company's value will correlate to those characteristics, and/or methodologies that compare transactions in similar securities issued by us that were conducted in the market.

22. What are the risks to purchasers of the securities relating to minority ownership in the issuer?

An Investor in the Company will likely hold a minority position in the Company, and thus be limited as to its ability to control or influence the governance and operations of the Company.

The marketability and value of the investor's interest in the Company will depend upon many factors outside the control of the investor. The Company will be managed by its officers and be governed in accordance with the strategic direction and decision-making of its Board Of Directors, and the investor will have no independent right to name or remove an officer or member of the Board Of Directors of the Company.

Following the investor's investment in the Company, the Company may sell interests to additional investors, which will dilute the percentage interest of the investor in the Company. The investor may have the opportunity to increase its investment in the Company in such a transaction, but such opportunity cannot be assured.

The amount of additional financing needed by the Company, if any, will depend upon the maturity and objectives of the Company. The declining of an opportunity or the inability of the investor to make a follow-on investment, or the lack of an opportunity to make such a follow-on investment, may result in substantial dilution of the investor's interest in the Company.

23. What are the risks to purchasers associated with corporate actions, including additional issuances of securities, issuer repurchases of securities, a sale of the issuer or of assets of the issuer or transactions with related parties?

Additional issuances of securities. Following the investor's investment in the Company, the Company may sell interests to additional investors, which will dilute the percentage interest of the investor in the Company. The investor may have the opportunity to increase its investment in the Company in such a transaction, but such opportunity cannot be assured. The amount of additional financing needed by the Company, if any, will depend upon the maturity and objectives of the Company. The declining of an opportunity or the inability of the investor to make a follow-on investment, or the lack of an opportunity to make such a follow-on investment, may result in substantial dilution of the investor's interest in the Company.

Issuer repurchases of securities. The Company may have authority to repurchase its securities from shareholders, which may serve to decrease any liquidity in the market for such securities, decrease the percentage interests held by other similarly situated investors to the investor, and create pressure on the investor to sell its securities to the Company concurrently.

A sale of the issuer or of assets of the issuer. As a minority owner of the Company, the investor will have limited or no ability to influence a potential sale of the Company or a substantial portion of its assets. Thus, the investor will rely upon the executive management of the Company and the Board of Directors of the Company to manage the Company so as to maximize value for shareholders.

Company to manage the Company's business and to maximize value for shareholders. Accordingly, the success of the Investor's investment in the Company will depend in large part upon the skill and expertise of the executive management of the Company and the Board of Directors of the Company. If the Board Of Directors of the Company authorizes a sale of all or a part of the Company, or a disposition of a substantial portion of the Company's assets, there can be no guarantee that the value received by the Investor, together with the fair market estimate of the value remaining in the Company, will be equal to or exceed the value of the Investor's initial investment in the Company.

Transactions with related parties. The Investor should be aware that there will be occasions when the Company may encounter potential conflicts of interest in its operations. On any issue involving conflicts of interest, the executive management and Board of Directors of the Company will be guided by their good faith judgement as to the Company's best interests. The Company may engage in transactions with affiliates, subsidiaries or other related parties, which may be on terms which are not arm's-length, but will be in all cases consistent with the duties of the management of the Company to its shareholders. By acquiring an interest in the Company, the Investor will be deemed to have acknowledged the existence of any such actual or potential conflicts of interest and to have waived any claim with respect to any liability arising from the existence of any such conflict of interest.

24. Describe the material terms of any indebtedness of the issuer:

None.

INSTRUCTION TO QUESTION 24: name the creditor, amount owed, interest rate, maturity date, and any other material terms.

25. What other exempt offerings has the issuer conducted within the past three years?

Offering Date	Exemption	Security Type	Amount Sold	Use of Proceeds
6/2023	Other		\$326,500	General operations
11/2023	Regulation D, Rule 506(b)	SAFE	\$5,716,200	General operations
8/2024	Section 4(a)(2)	SAFE	\$500,000	General operations
8/2024	Section 4(a)(2)	SAFE	\$1,000,000	General operations
3/2025	Regulation Crowdfunding	SAFE	\$5,000,000	General operations
3/2025	Regulation D, Rule 506(c)	SAFE	\$50,000	General operations
9/2025	Regulation D, 506(c)	SAFE	\$2,745,800	General operations

26. Was or is the issuer or any entities controlled by or under common control with the issuer a party to any transaction since the beginning of the issuer's last fiscal year, or any currently proposed transaction, where the amount involved exceeds five percent of the aggregate amount of capital raised by the issuer in reliance on Section 4(a)(6) of the Securities Act during the preceding 12- month period, including the amount the issuer seeks to raise in the current offering, in which any of the following persons had or is to have a direct or indirect material interest:

1. any director or officer of the issuer;
 2. any person who is, as of the most recent practicable date, the beneficial owner of 20 percent or more of the issuer's outstanding voting equity securities, calculated on the basis of voting power;
 3. if the issuer was incorporated or organized within the past three years, any promoter of the issuer;
 4. or any immediate family member of any of the foregoing persons.
- ☐ Yes
☒ No

INSTRUCTIONS TO QUESTION 26: The term transaction includes, but is not limited to, any financial transaction, arrangement or relationship (including any indebtedness or guarantee of indebtedness) or any series of similar transactions, arrangements or relationships.

Beneficial ownership for purposes of paragraph (2) shall be determined as of a date that is no more than 120 days prior to the date of filing of this offering statement and using the same calculation described in Question 6 of this Question and Answer format.

The term "member of the family" includes any child, stepchild, grandchild, parent, stepparent, grandparent, spouse or spousal equivalent, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, or sister-in-law of the person, and includes adoptive relationships. The term "spousal equivalent" means a cohabitant occupying a relationship generally equivalent to that of a spouse.

Compute the amount of a related party's interest in any transaction without regard to the amount of the profit or loss involved in the transaction. Where it is not practicable to state the approximate amount of the interest, disclose the approximate amount involved in the transaction.

FINANCIAL CONDITION OF THE ISSUER

27. Does the Issuer have an operating history?

- ☒ Yes
☐ No

28. Describe the financial condition of the issuer, including, to the extent material, liquidity, capital resources and historical results of operations.

Management's Discussion and Analysis of Financial Condition and Results of Operations

You should read the following discussion and analysis of our financial condition and results of operations together with our financial statements and the related notes and other financial information included elsewhere in this offering. Some of the information contained in this discussion and analysis, including information regarding the strategy and plans for our business, includes forward-looking statements that involve risks and uncertainties. You should review the "Risk Factors" section for a discussion of important factors that could cause actual results to differ materially from the results described in or implied by the forward-looking statements contained in the following discussion and analysis.

Overview

The Company is a cutting-edge pharmaceutical business that is changing the ways drugs are delivered and revolutionizing healthcare accessibility. It plans to earn revenue by selling its innovative drug-delivery communication devices (drug-device) and associated products through various pathways such as in bulk to wholesale distributors or direct to consumers. Additional revenue pathways exist such as licensing the delivery system to drug manufacturers. The Company's customers will be located first in the United States, upon FDA approval, and then spread to a global market, pending subsequent approvals. Currently, the Company is in the design and development phase of their initial products, has not attained FDA approval, and is thus not revenue generating.

Milestones

Pirouette Pharma Inc. was incorporated in the State of Delaware in June 2017.

Since then, we have:

- #1 Wefunder raise in history (\$7.8M; 4000+ investors) + backed by top life sciences VCs
- \$800M+ in licensing deal potential with 4 medications targeting FDA approval in 2027, 2028, and 2029
- Big pharma + an aerospace leader are in advanced talks to use OnePush across multiple medicines
- 23 granted patents globally with more pending; clear path to commercialize worldwide by 2027
- 100% of oncologists would prescribe OnePush over current auto-injectors in blinded research study
- OnePush targets a \$1T dollar injectable market as self-care shifts to simpler at-home devices
- FDA reviewed OnePush and approved design as is—no extra device studies needed; made in the USA

The Company is subject to risks and uncertainties common to early-stage companies. Given the Company's limited operating history, the Company cannot reliably estimate how much revenue it will receive in the future.

Historical Results of Operations

- *Revenues & Gross Margin.* For the period ended December 31, 2024, the Company had revenues of \$0 compared to the year ended December 31, 2023, when the Company had revenues of \$0.
- *Assets.* As of December 31, 2024, the Company had total assets of \$3,878,452, including \$1,610,924 in cash. As of December 31, 2023, the Company had \$4,504,151 in total assets, including \$2,094,498 in cash.
- *Net Loss.* The Company has had net losses of \$4,050,003 and net losses of \$3,597,016 for the fiscal years ended December 31, 2024 and December 31, 2023, respectively.
- *Liabilities.* The Company's liabilities totaled \$7,886,199 for the fiscal year ended December 31, 2024 and \$4,461,895 for the fiscal year ended December 31, 2023.

Liquidity & Capital Resources

To-date, the company has been financed with \$5,403,482 in equity and \$19,462,000 in SAFEs, \$351,500 in grants, and \$121,779 in loans.

After the conclusion of this Offering, should we hit our minimum funding target, our projected runway is 12 months before we need to raise further capital.

We plan to use the proceeds as set forth in this Form C under "Use of Funds". We don't have any other sources of capital in the immediate future.

We will likely require additional financing in excess of the proceeds from the Offering in order to perform operations over the lifetime of the Company. We plan to raise capital in 12 months. Except as otherwise described in this Form C, we do not have additional sources of capital other than the proceeds from the offering. Because of the complexities and uncertainties in establishing a new business strategy, it is not possible to adequately project whether the proceeds of this offering will be sufficient to enable us to implement our strategy. This complexity and uncertainty will be increased if less than the maximum amount of securities offered in this offering is sold. The Company intends to raise additional capital in the future from investors. Although capital may be available for early-stage companies, there is no guarantee that the Company will receive any investments from investors.

Runway & Short/Mid Term Expenses

Pirouette Pharma Inc. cash in hand is \$1,590,600, as of January 2026. Over the last three months, revenues have averaged \$0/month, cost of goods sold has averaged \$0/month, and operational expenses have averaged \$517,221/month, for an average burn rate of \$517,221 per month. Our intent is to be profitable in 26 months.

Since the date of our financials, we have the seen the following:

1. Strategic collaborations--we're actively engaged in technical and commercial evaluations with several global pharmaceutical companies and even an industry-leading aerospace company. These organizations see Pirouette's technology as a way to differentiate their products, extend the life of critical medicines, and unlock new channels such as retail, e-commerce, and mission-critical medical kits.
2. Regulatory progress--we conducted an FDA Type C meeting, a critical step for regulatory alignment. The FDA provided detailed feedback and a clear roadmap toward potential OTC approval. This engagement underscores strong support from the agency and confirms that we're pursuing the right pathways for our lead programs. These discussions have clarified key requirements and informed refinements to study designs and device specifications. This progress reduces regulatory risk and positions us well for accelerated OTC launch. Our goal remains simple: enable reliable self-injection for patients, first responders, and even astronauts, where current delivery systems fall short.
3. Product development--we've successfully reached the Phase 3 Exit milestone, a major step forward in our development process. This achievement includes completion of critical work packages such as:
 - Product & process design outputs (drawings, specifications, packaging, etc.)
 - Design verification plans
 - DMR index
 - Preliminary manufacturing plan
 - Draft device history record (DHR)
 - Draft bill of materials (BOM)

This milestone reflects strong cross-functional collaboration and positions us well for the next phase of execution.

Supply Chain Resilience I'm excited to share that we've taken proactive steps to further strengthen our supply chain. We manufacture our products in the USA, in Portsmouth, NH. We have continued to strengthen that position, finding domestic suppliers for even the smallest components to keep us agile and resilient:

4. Manufacturing readiness--we're in late-stage discussions with experienced automation vendors to build a high-throughput, fully automated production line. This will allow us to scale efficiently, maintain quality, and support both internal programs and partnered products, as well as de-risk any potential partnerships. Our cost analyses show competitive unit costs at commercial volumes, critical for pricing flexibility and long-term margin expansion.

5. Growing our leadership team--as we prepare for our IND application and clinical supply ramp-up, we've added key leadership roles including a VP of Commercialization, and Chief of Staff. Our VP of Commercialization was also promoted to CCO. As we scale our product pipeline and manufacturing infrastructure, we are also scaling our team with key hires. These additions reflect our dedication to building a strong foundation for growth and maturity. By expanding our leadership team, we are positioning the company to execute effectively on our IND submission and beyond, ensuring we meet the highest standards of excellence as we enter this pivotal phase.

6. Funding or capital events: \$6,256,995 of additional funding / disbursements on the SAFE Vehicle with a \$55M cap and 20% discount.

We are not yet revenue-generating. We believe we'll need to raise approximately \$16,600,000 in additional capital to generate initial revenues by January, 2028. We believe \$17,900,000 is required to become profitable by March, 2028. We believe we'll incur approximately \$4.6M in expenses over the next six months.

For additional sources of capital, we have a number of private investors from VCs to angel investors that we have relied upon in the past and could solicit in the future if necessary.

All projections in the above narrative are forward-looking and not guaranteed.

INSTRUCTIONS TO QUESTION 28: The discussion must cover each year for which financial statements are provided. For issuers with no prior operating history, the discussion should focus on financial milestones and operational, liquidity and other challenges. For issuers with an operating history, the discussion should focus on whether historical results and cash flows are representative of what investors should expect in the future. Take into account the proceeds of the offering and any other known or pending sources of capital. Discuss how the proceeds from the offering will affect liquidity, whether receiving these funds and any other additional funds is necessary to the viability of the business, and how quickly the issuer anticipates using its available cash. Describe the other available sources of capital to the business, such as lines of credit or required contributions by shareholders. References to the issuer in this Question 28 and these instructions refer to the issuer and its predecessors, if any.

FINANCIAL INFORMATION

29. Include financial statements covering the two most recently completed fiscal years or the period(s) since inception, if shorter:

(7) Has any such person filed (as a registrant or issuer), or was any such person or was any such person named as an underwriter in, any registration statement or Regulation A offering statement filed with the Commission that, within five years before the filing of this offering statement, was the subject of a refusal order, stop order, or order suspending the Regulation A exemption, or is any such person, at the time of such filing, the subject of an investigation or proceeding to determine whether a stop order or suspension order should be issued?

☐ Yes ☒ No

(8) Is any such person subject to a United States Postal Service false representation order entered within five years before the filing of the information required by Section 4A(b) of the Securities Act, or is any such person, at the time of filing of this offering statement, subject to a temporary restraining order or preliminary injunction with respect to conduct alleged by the United States Postal Service to constitute a scheme or device for obtaining money or property through the mail by means of false representations?

☐ Yes ☒ No

If you would have answered "Yes" to any of these questions had the conviction, order, judgment, decree, suspension, expulsion or bar occurred or been issued after May 16, 2016, then you are NOT eligible to rely on this exemption under Section 4(a)(6) of the Securities Act.

INSTRUCTIONS TO QUESTION 30: Final order means a written directive or declaratory statement issued by a federal or state agency, described in Rule 503(a)(3) of Regulation Crowdfunding, under applicable statutory authority that provides for notice and an opportunity for hearing, which constitutes a final disposition or action by that federal or state agency.

No matters are required to be disclosed with respect to events relating to any affiliated issuer that occurred before the affiliation arose if the affiliated entity is not (i) in control of the issuer or (ii) under common control with the issuer by a third party that was in control of the affiliated entity at the time of such events.

OTHER MATERIAL INFORMATION

31. In addition to the information expressly required to be included in this Form, include:

- (1) any other material information presented to investors; and
- (2) such further material information, if any, as may be necessary to make the required statements, in the light of the circumstances under which they are made, not misleading.

The Lead Investor. As described above, each Investor that has entered into the Investor Agreement will grant a power of attorney to make voting decisions on behalf of that Investor to the Lead Investor (the "Proxy"). The Proxy is irrevocable unless and until a Successor Lead Investor takes the place of the Lead Investor, in which case, the Investor has a five (5) calendar day period to revoke the Proxy. Pursuant to the Proxy, the Lead Investor or his or her successor will make voting decisions and take any other actions in connection with the voting on Investors' behalf.

The Lead Investor is an experienced investor that is chosen to act in the role of Lead Investor on behalf of Investors that have a Proxy in effect. The Lead Investor will be chosen by the Company and approved by Wefunder Inc. and the identity of the initial Lead Investor will be disclosed to Investors before Investors make a final investment decision to purchase the securities related to the Company.

The Lead Investor can quit at any time or can be removed by Wefunder Inc. for cause or pursuant to a vote of investors as detailed in the Lead Investor Agreement. In the event the Lead Investor quits or is removed, the Company will choose a Successor Lead Investor who must be approved by Wefunder Inc. The identity of the Successor Lead Investor will be disclosed to Investors, and those that have a Proxy in effect can choose to either leave such Proxy in place or revoke such Proxy during a 5-day period beginning with notice of the replacement of the Lead Investor.

The Lead Investor will not receive any compensation for his or her services to the SPV. The Lead Investor may receive compensation if, in the future, Wefunder Advisors LLC forms a fund ("Fund") for accredited investors for the purpose of investing in a non-Regulation Crowdfunding offering of the Company. In such as circumstance, the Lead Investor may act as a portfolio manager for that Fund (and as a supervised person of Wefunder Advisors) and may be compensated through that role.

Although the Lead Investor may act in multiple roles with respect to the Company's offerings and may potentially be compensated for some of its services, the Lead Investor's goal is to maximize the value of the Company and therefore maximize the value of securities issued by or related to the Company. As a result, the Lead Investor's interests should always be aligned with those of Investors. It is, however, possible that in some limited circumstances the Lead Investor's interests could diverge from the interests of Investors, as discussed in section 8 above.

Investors that wish to purchase securities related to the Company through Wefunder Portal must agree to give the Proxy described above to the Lead Investor, provided that if the Lead Investor is replaced, the Investor will have a 5-day period during which he or she may revoke the Proxy. If the Proxy is not revoked during this 5-day period, it will remain in effect.

Tax Filings. In order to complete necessary tax filings, the SPV is required to include information about each investor who holds an interest in the SPV, including each investor's taxpayer identification number ("TIN") (e.g., social security number or employer identification number). To the extent they have not already done so, each investor will be required to provide their TIN within the earlier of (i) two (2) years of making their investment or (ii) twenty (20) days prior to the date of any distribution from the SPV. If an investor does not provide their TIN within this time, the SPV reserves the right to withhold from any proceeds otherwise payable to the Investor an amount necessary for the SPV to satisfy its tax withholding obligations as well as the SPV's reasonable estimation of any penalties that may be charged by the IRS or other relevant authority as a result of the investor's failure to provide their TIN. If applicable, the Company may also be required to pay Wefunder certain fees for the preparation of tax filings. Such fees and the Company's obligation to deliver required tax documents are further specified in the related Tax Services Agreement ("TSA").

Investors should carefully review the terms of the SPV Subscription Agreement for additional information about tax filings.

Potential Dissolution of the SPV. The Company has agreed that it will pay an administrative fee and / or certain tax fees to Wefunder, in addition to delivering required tax information in the manner prescribed by the TSA, where applicable. Failure to pay such fees or provide Wefunder with required tax information could result in the dissolution of the SPV (an "SPV Dissolution Event"). Subsequent to an SPV Dissolution Event, the securities held by the SPV would be distributed directly and proportionally to the individual investors. This could create administrative complexities, as investors would need to manage the securities themselves rather than having them held and administered by the SPV. Additionally, the unplanned distribution of securities may not align with investors' intended investment strategy or asset allocation.

Upon an SPV Dissolution Event, the Investor hereby consents to and agrees to accept direct assignment of the SPV's rights and obligations under any investment agreements between the SPV and the Company that is located in the Form C or C/A offering materials. The Investor acknowledges they will be bound by all terms and conditions of such agreements as if they were an original party thereto.

INSTRUCTIONS TO QUESTION 30: If information is presented to investors in a format, media or other means not able to be reflected in text or portable document format, the issuer should include:

- (a) a description of the material content of such information;*
- (b) a description of the format in which such disclosure is presented; and*
- (c) in the case of disclosure in video, audio or other dynamic media or format, a transcript or description of such disclosure.*

ONGOING REPORTING

32. The issuer will file a report electronically with the Securities & Exchange Commission annually and post the report on its website, no later than:

120 days after the end of each fiscal year covered by the report.

33. Once posted, the annual report may be found on the issuer's website at:

<https://pirouettepharma.com/invest>

The issuer must continue to comply with the ongoing reporting requirements until:

1. the issuer is required to file reports under Exchange Act Sections 13(a) or 15(d);
2. the issuer has filed at least one annual report and has fewer than 300 holders of record;
3. the issuer has filed at least three annual reports and has total assets that do not exceed \$10 million;
4. the issuer or another party purchases or repurchases all of the securities issued pursuant to Section 4(a)(6), including any payment in full of debt securities or any complete redemption of redeemable securities; or the issuer liquidates or dissolves in accordance with state law.

Wefunder Portal will review the information you provide before we agree to submit a Form C to the SEC. Our review is designed to assess whether the information you have provided is complete and not inaccurate, misleading or otherwise fraudulent. Despite our review, the company submitting this Form C may be held responsible for all information provided through it, and for ensuring that the information it submits is not false or misleading in any material way and does not omit any information that would cause the information included to be false or misleading. By submitting your Form C to us, you acknowledge this. You also agree to provide any additional information or clarification we may request from you so that the Form C we submit on your behalf, in our reasonable, good faith review, does not contain incorrect information. Wefunder Portal will not submit a Form C that we believe, in our sole discretion, omits material information or contains false or misleading information. As a result, there is no guarantee that we will submit a Form C on your behalf.

Intentional misstatements or omissions of facts constitute federal criminal violations. See 18 U.S.C. 1001.

The issuer certifies that it has established means to keep accurate records of the holders of the securities it would offer and sell through the Form C.

Pursuant to the requirements of Sections 4(a)(6) and 4A of the Securities Act of 1933 and Regulation Crowdfunding (§ 227.100 et seq.), the issuer certifies that it has reasonable grounds to believe that it meets all of the requirements for filing on Form C and has duly caused this Form to be signed on its behalf by the duly authorized undersigned.

I authorize Wefunder Portal to submit a Form C to the SEC based on the information I provided through this online form and my company's Wefunder profile.

As an authorized representative of the company, I appoint Wefunder Portal as the company's true and lawful representative and attorney-in-fact, in the company's name, place and stead to make, execute, sign, acknowledge, swear to and file a Form C, any future non-material Form C-A, any future Form C-U, and any future Form C-W on the company's behalf. This power of attorney is coupled with an interest and is irrevocable. The company hereby waives any and all defenses that may be available to contest, negate or disaffirm the actions of Wefunder Portal taken in good faith under or in reliance upon this power of attorney.

Before you click on the button below, please review the information you have provided carefully.

We strongly recommend you have your company's lawyer review the information as well. The company submitting this Form C is responsible for all information provided through it, and for ensuring that the information it submits is not false or misleading in any material way and does not omit any information that would cause the information included to be false or misleading.

- ☒ **I verify the Form C is 100% accurate**
- ☒ **I agree to the Wefunder Listing Agreement**
- ☒ **I agree to the Lead Investor Agreement**
- ☒ **I agree to the Rule 3a-9 Undertakings Agreement**

Pursuant to the requirements of Sections 4(a)(6) and 4A of the Securities Act of 1933 and Regulation Crowdfunding (§ 227.100 et seq.), the issuer certifies that it has reasonable grounds to believe that it meets all of the requirements for filing on Form C and has duly caused this Form to be signed on its behalf by the duly authorized undersigned.
