REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Member
Brevan Howard US LLC

Opinion on the Financial Statement

We have audited the accompanying statement of financial condition of Brevan Howard US LLC as of December 31, 2025, and the related notes (collectively referred to as the "financial statement"). In our opinion, the financial statement presents fairly, in all material respects, the financial position of Brevan Howard US LLC as of December 31, 2025, in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

This financial statement is the responsibility of Brevan Howard US LLC's management. Our responsibility is to express an opinion on Brevan Howard US LLC's financial statement based on our audit. We are a public accounting firm registered with the Public Company Accounting Oversight Board (United States) ("PCAOB") and are required to be independent with respect to Brevan Howard US LLC in accordance with the U.S. federal securities laws and the applicable rules and regulations of the Securities and Exchange Commission and the PCAOB.

We conducted our audit in accordance with the standards of the PCAOB. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement, whether due to error or fraud. Our audit included performing procedures to assess the risks of material misstatement of the financial statement, whether due to error or fraud, and performing procedures that respond to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statement. Our audit also included evaluating the accounting principles used and significant estimates made by management, as well as evaluating the overall presentation of the financial statement. We believe that our audit provides a reasonable basis for our opinion.

A handwritten signature in black ink that reads "Citrin Cooperman & Company, LLP".

We have served as Brevan Howard US LLC's auditor since 2018.
New York, New York

BREVAN HOWARD US LLC

(A Delaware Limited Liability Company)

Notes to Financial Statement

December 31, 2025

(1) Organization and General

Brevan Howard US LLC ("BHUSLLC" or the "Company") was formed as a limited liability company under the laws of the State of Delaware on June 2, 2008. BHUSLLC is a wholly owned subsidiary of Brevan Howard BD Holdings Limited ("BHBDHL"), a company incorporated with limited liability under the laws of the Cayman Islands. BHUSLLC is an indirect, wholly owned subsidiary of Brevan Howard Capital Management LP ("BHCMLP" or the "Parent"), a limited partnership established under the laws of Jersey, Channel Islands. Effective January 1, 2015, BHBDHL became a wholly owned subsidiary of Brevan Howard US Investment Management LP ("BHUSIM"). The Company conducts business as a capital acquisition broker-dealer by acting as a private placement agent in connection with the offering and sales of interests in offshore and domestic collective, or pooled, investment funds. The Company is registered under the Securities Exchange Act of 1934 and applicable state law, and is a member of the Financial Industry Regulatory Authority ("FINRA").

(2) Summary of Significant Accounting Policies

This financial statement has been prepared in accordance with U.S. generally accepted accounting principles (U.S. GAAP). All amounts are expressed in United States dollars (U.S. dollars) unless otherwise stated. The following is a summary of the significant accounting and reporting policies used in preparing the financial statement.

(a) Use of Estimates

The preparation of the financial statement requires management to make certain estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statement. Actual results could differ from those estimates.

(b) Revenue from Contracts with Customers

Receivables and Contract Balances

Receivables arise when the Company has an unconditional right to receive payment under a contract with a customer and are derecognized when the cash is received. As of December 31, 2025, there were \$1,073,003 of receivables outstanding.

Contract assets arise when the revenue associated with the contract is recognized prior to the Company's unconditional right to receive payment under a contract with a customer (if the right to payment is conditional on something other than the passage of time) and are derecognized when it either becomes a receivable or the cash is received. As of December 31, 2025, the Company had no contract assets.

BREVAN HOWARD US LLC

(A Delaware Limited Liability Company)

Notes to Financial Statement

December 31, 2025

Contract liabilities arise when customers remit contractual cash payments in advance of the Company satisfying its performance obligations under the contract and are derecognized when the revenue associated with the contract is recognized when the performance obligation is satisfied. Contract liabilities are reported as deferred revenue on the Statement of Financial Condition. As of December 31, 2025, or during the year, the Company had no contract liabilities.

(c) Income Taxes

The Company complies with Accounting Standard Codification ("ASC") 740, *Income Taxes*, which simplifies the accounting for legal entities not subject to tax. The Company is a single member limited liability company, and accordingly is a disregarded entity for income tax purposes. The Internal Revenue Code ("IRC") provides that any income or loss is passed through to the member for federal and state income tax purposes. Accordingly, the Company has not provided for federal, state, or local income taxes.

At December 31, 2025, management has determined that the Company had no uncertain tax positions that would require financial statement recognition. This determination will always be subject to ongoing reevaluation as facts and circumstances may require. The Company remains subject to U.S. federal and state income tax audits for all periods subsequent to 2021.

In accordance with ASC 740, the Company evaluates its tax positions to determine whether it is more likely than not that such positions would be sustained upon examination by tax authorities. Management has analyzed the tax positions taken by the Company, and has concluded that there were no uncertain tax positions that would have a material effect on the financial statement as of December 31, 2025.

(d) Cash and Cash Equivalents

The Company defines cash and cash equivalents as cash or interest earning deposits. At December 31, 2025, the Company's cash is comprised of bank and money market account deposits in the amount of \$23,954,484, of which \$250,000 is federally insured. The Company considers highly-liquid investments purchased with an original maturity of three months or less to be cash equivalents. Cash equivalents are carried at cost which approximates fair value and are excluded from the fair value leveling table. The Company had \$113,587 in cash equivalents at December 31, 2025.

(e) Concentration of Risk

Financial instruments that potentially subject the Company to concentrations of risk consist primarily of cash and cash equivalents. The Company maintains its cash and cash equivalents in bank accounts with one bank whose balances often exceed federally insured limits, however, the Company does not believe it is exposed to any significant credit risk.

(f) Employee Costs

Discretionary and contractual bonuses to staff for services in 2025 are recognized as accrued compensation and benefits on the Statement of Financial Condition.

BREVAN HOWARD US LLC

(A Delaware Limited Liability Company)

Notes to Financial Statement

December 31, 2025

(g) Segment Reporting

The Company follows ASC Topic 280, *Segment Reporting* ("ASC 280"). The Company is required to provide all annual disclosures about reportable segment profit or loss and assets as required by ASC 280. In accordance with ASC 280, the Company is required to disclose significant segment expenses that are regularly provided to the chief operating decision maker ("CODM") and included within each reported measure of segment profit or loss, an amount for other segment items including a description of the composition. Additionally, ASC 280 requires the Company to disclose the title and position of the CODM along with an explanation of how the CODM uses reported measures of segment profit or loss in assessing segment performance and deciding how to allocate resources. ASC 280 also requires the Company to clarify if the CODM uses more than one measure of segments profit or loss in assessing segment performance and deciding how to allocate resources.

(3) Contingency

The Company may be subject to claims and litigation in the ordinary course of business. In management's opinion, based upon the information available as of the date this financial statement was issued, there are no litigation claims against the Company that would have a material impact on the operating results of the Company.

(4) Indemnifications

In the normal course of business, the Company enters into agreements that contain a variety of representations and warranties and which provide general indemnifications. The Company's maximum exposure under these arrangements is unknown, as this would involve future claims that may be made against the Company that have not yet occurred. However, the Company expects the risk of loss to be remote.

(5) Allowance for Credit Losses

The Company recognizes allowance for credit losses in accordance with ASC Topic 326, *Financial Instruments - Credit Losses* ("ASC Topic 326"). The allowance for credit losses impacts the impairment model for certain financial assets by requiring a current expected credit loss ("CECL") methodology to estimate expected credit losses over the entire life of the financial asset. No receivables as of the year ended December 31, 2025 are within the scope of this guidance.

(6) Related-Party Transactions

Investments, at fair value

The Company awards bonuses to a selected group of its employees for services rendered. A portion of these awards is subject to deferral for a period of two years. Deferred awards for the year ended December 31, 2025 amounted to \$2,869,657. Employees can express a preference that the deferred balance be invested in private Brevan Howard funds with such investments made by Brevan Howard Nominee Services Limited ("BHNSL") on the Company's behalf. As of December 31, 2025, the fair value of the investments was \$4,740,639.

BREVAN HOWARD US LLC

(A Delaware Limited Liability Company)

Notes to Financial Statement

December 31, 2025

Investments, at fair value(continued)

The Company values its investments in the private Brevan Howard funds using the net asset value provided by the underlying funds as a practical expedient, unless it is probable that the Company will sell a portion of an investment at an amount different from the NAV of the investment. The Company has accrued deferred compensation payable of \$4,740,639 and it is included in accounts payable and other accrued expenses on the Statement of Financial Condition.

Placement Fees

During 2025, the Company earned Placement Fees under the Placement Agreement with BHCMLP. Additionally, as of December 31, 2025, the Company had a receivable of \$1,073,003 due from BHCMLP for the balance of the December placement fee.

Fees Paid to Affiliates

Pursuant to their professional services agreement, BHUSIM charges the Company fees for shared human resources which is computed by identifying individuals who share their time servicing both BHUSIM and BHUS but are paid directly by BHUSIM.

As of December 31, 2025, there was a total of \$2,002,655 due to BHUSIM, which the Company reports as part of Accounts payable and other accrued expenses in its statement of financial condition, comprising of rent and occupancy fees, shared human resources fees, and other miscellaneous intercompany amounts due to BHUSIM.

As the Company is a member of a group of affiliated companies, it is possible that the terms of certain related party transactions are not the same as those that would result from transactions among wholly unrelated parties.

(7) Fair Value of Financial Instruments

U.S. GAAP defines fair value, establishes a framework for measuring fair value, and, establishes a fair value hierarchy which prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

Level 1 inputs to the valuation hierarchy are unadjusted quoted prices for identical assets or liabilities in active markets that the Company has the ability to access.

Level 2 inputs are inputs (other than quoted prices included within Level 1) that are observable for the asset or liability, either directly or indirectly.

Level 3 are unobservable inputs for the asset or liability and rely on management's own assumptions about the assumptions that

BREVAN HOWARD US LLC

(A Delaware Limited Liability Company)

Notes to Financial Statement

December 31, 2025

market participants would use in pricing the asset or liability.

The unobservable inputs should be developed based on the best information available in the circumstances and many include the Company's own data.

Investments held by the Company are measured using net asset value as a practical expedient and are not categorized within the fair value hierarchy.

(8) Net Capital

The Company, as a registered broker-dealer in securities, is subject to the Securities and Exchange Commission Uniform Net Capital Rule (Rule 15c3-1). As of October 2, 2017, FINRA approved the Company maintain a minimum net capital requirement of \$5,000 (or 6.67% of aggregate liabilities) pursuant to Rule 15c3-1. As of December 31, 2025, the Company had net capital of \$3,981,497 and excess net capital of \$2,649,965. The Company maintained compliance with the requirements of the Net Capital Rule at all times during the year.

The Company's business activities are limited to those of a Capital Acquisition Broker and, therefore, the Company does not handle customer cash or securities. Accordingly, it had no obligations under SEC Rule 15c3-3.

(9) Retirement Plan

The Company offers participation in a retirement plan to all eligible employees to which it makes Safe Harbor Contributions.

(10) Segment Reporting

The Company is engaged in a single line of business as a capital acquisitions broker, with income being comprised of placement income, other income, and gain/loss on investments. The Company has identified its Chief Executive Officer as the CODM who uses net income to evaluate the results of the business, predominantly in the forecasting process, to manage the Company. Additionally, the CODM uses excess net capital (see Note 8), which is not a measure of profit and loss, to make operational decisions while maintaining capital adequacy, such as whether to reinvest profits or make profit distributions. The Company's operations constitute a single operating segment and therefore, a single reportable segment, because the CODM manages the business activities using information of the Company as a whole. The accounting policies used to measure the profit and loss of this segment are the same as those described in the summary of other significant accounting policies. The segment assets are the same as those reported in the Company's Statement of Financial Condition.

(11) Subsequent Events

The Company has evaluated the need for disclosures and/or adjustments resulting from subsequent events through the date this financial statement was issued
