For a description of our business and our business plan, please refer to the attached [Appendix A, Business Description & Plan](#)

## **RISK FACTORS**

**The U.S. Securities and Exchange Commission does not pass upon the merits of any securities offered or the terms of the offering, nor does it pass upon the accuracy or completeness of any offering document or literature.**

**These securities are offered under an exemption from registration; however, the U.S. Securities and Exchange Commission has not made an independent determination that these securities are exempt from registration.**

8. Discuss the material factors that make an investment in the issuer speculative or risky:

Our company acknowledges several key market trends that present both opportunities and risks in the field service management (FSM) sector. The global FSM market is experiencing significant transformations, driven by emerging trends such as the increased adoption of contactless, cashless, and self-service technologies. These innovations are setting new standards in our industry, offering enhanced flexibility and convenience for both workers and customers.

We are committed to adapting our strategies in response to these trends, but investors should be aware that such market dynamics could influence our revenue growth, market position, and profitability. The ability to respond effectively to these trends while managing the associated risks will be critical to our success in this evolving market landscape

Both ends of the fragmented market we're working to consolidate are extremely competitive. Competition in many cases may be more capitalized and efficient than we are at GTM.

The expanded use of AI-enhanced field service management is a trend that could reshape our market, potentially impacting our competitive positioning and operational efficiency.

Sustainability is also a significant trend in the FSM sector. The drive towards more sustainable service and maintenance practices, which prolong the viable lifetime of products and assets, may necessitate adjustments in our business model and operations. Despite these challenges, the FSM market is expected to grow robustly, with a forecasted global CAGR of 19.2% through 2027.

The potential of a looming recession poses a substantial risk to our sector, with continued demand for field services, especially from the retail sector, likely to add pressure in a volatile economic environment

Our future success depends on the efforts of a small management team. The loss of services of the members of the management team may have an adverse effect on the company. There can be no assurance that we will be successful in attracting and retaining other personnel we require to successfully grow our business.

*INSTRUCTION TO QUESTION 8: Avoid generalized statements and include only those factors that are unique to the issuer. Discussion should be tailored to*

the issuer's business and the offering and should not repeat the factors addressed in the legends set forth above. No specific number of risk factors is required to be identified.

Some of the information contained in this discussion and analysis, including information regarding the strategy and plans for our business, includes forward-looking statements that involve risks and uncertainties. ### **Historical Results of Operations**

**Revenues & Gross Margin:** For the year ended December 31, 2025, Contractor Plus generated revenues of \$645,629, up from \$479,309 in 2024 a 35% YoY increase. Gross profit was \$571,028 in 2025, compared to \$420,517 in 2024, reflecting strong margins above 85%.

**Assets:** As of December 31, 2025, total assets were \$187,478, including \$142,704 in cash. This compares to \$254,900 in 2024, which included \$178,380 in cash.

**Net Loss:** The Company reported a net loss of \$309,668 in 2025, an

improvement from the \$371,853 net loss in 2024, reflecting narrowing losses despite growth investments.

Liabilities: Total liabilities stood at \$1,172,730 in 2025, compared to \$930,484 in 2024, primarily driven by deferred revenue growth and accrued interest on convertible notes.

### **Related Party Transaction**

Refer to Question 26 of this Form C for disclosure of all related party transactions.

### **Liquidity & Capital Resources**

To-date, the company has been financed with \$6,753 in director's debt, \$37,926 in short term borrowings and \$746,767 in convertibles. After the conclusion of this Offering, should we hit our minimum funding target, our projected runway is 24 months before we need to raise further capital. We plan to use the proceeds as set forth in this Form C under "Use of Funds". We don't have any other sources of capital in the immediate future. We will likely require additional financing in excess of the proceeds from the Offering in order to perform operations over the lifetime of the Company. We plan to raise capital in 16 months. Except as otherwise described in this Form C, we do not have additional sources of capital other than the proceeds from the offering. Because of the complexities and uncertainties in establishing a new business strategy, it is not possible to adequately project whether the proceeds of this offering will be sufficient to enable us to implement our strategy. This complexity and uncertainty will be increased if less than the maximum amount of securities offered in this offering is sold. The Company intends to raise additional capital in the future from investors. Although capital may be available for early-stage companies, there is no guarantee that the Company will receive any investments from investors.

### **Runway & Short/Mid Term Expenses**

Contractor Plus, Inc. cash in hand is \$142,704, as of 31 December 2025. Over the last three months, revenues have averaged \$60,811/month, cost of goods sold has averaged \$9,155/month, and operational expenses have averaged \$89,312/month, for an average burn rate of \$37,656 per month. Our intent is to be profitable in 12 months. We expect our revenue to reach \$75k MRR after finalization of v2, and our expenses to be ~\$80k. We are not yet profitable, and therefore, we are raising \$2.0m to become profitable at the end of 2026. Between accelerating customer acquisition efforts, and increasing our unit pricing, we should achieve profitability. As at Dec 31, 2025 Contractor+ has the following sources of capital: Director loan \$6,753, Short term loan \$37,926 and Convertible instrument's of \$746,767. The company intends to cover the short-term burn throughout the campaign through the following: Accounts Receivable due on 31 Dec 2025 amounting to \$24,159. Bank balance amounting to \$142,704.

All projections in the above narrative are forward-looking and not guaranteed.

*INSTRUCTIONS TO QUESTION 28: The discussion must cover each year for which financial statements are provided. For issuers with no prior operating*

*history, the discussion should focus on financial milestones and operational, liquidity and other challenges. For issuers with an operating history, the discussion should focus on whether historical results and cash flows are representative of what investors should expect in the future. Take into account the proceeds of the offering and any other known or pending sources of capital. Discuss how the proceeds from the offering will affect liquidity, whether receiving these funds and any other additional funds is necessary to the viability of the business, and how quickly the issuer anticipates using its available cash. Describe the other available sources of capital to the business, such as lines of credit or required contributions by shareholders. References to the issuer in this Question 28 and these instructions refer to the issuer and its predecessors, if any.*

## FINANCIAL INFORMATION

29. Include financial statements covering the two most recently completed fiscal years or the period(s) since inception, if shorter:

Refer to [Appendix C, Financial Statements](#)

I, Justin Smith, certify that:

- (1) the financial statements of Contractor Plus, Inc. included in this Form are true and complete in all material respects ; and
- (2) the financial information of Contractor Plus, Inc. included in this Form reflects accurately the information reported on the tax return for Contractor Plus, Inc. filed for the most recently completed fiscal year.

*Justin Smith*  
CEO \_\_\_\_\_

## OTHER MATERIAL INFORMATION

31. In addition to the information expressly required to be included in this Form, include:

- (1) any other material information presented to investors; and
- (2) such further material information, if any, as may be necessary to make the required statements, in the light of the circumstances under which they are made, not misleading.

The Lead Investor. As described above, each Investor that has entered into the Investor Agreement will grant a power of attorney to make voting decisions on behalf of that Investor to the Lead Investor (the

“Power of Attorney”). The Power of Attorney shall be in substantially the following form:

Proxy). The Proxy is irrevocable unless and until a Successor Lead Investor takes the place of the Lead Investor, in which case, the Investor has a five (5) calendar day period to revoke the Proxy. Pursuant to the Proxy, the Lead Investor or his or her successor will make voting decisions and take any other actions in connection with the voting on Investors' behalf.

The Lead Investor is an experienced investor that is chosen to act in the role of Lead Investor on behalf of Investors that have a Proxy in effect. The Lead Investor will be chosen by the Company and approved by Wefunder Inc. and the identity of the initial Lead Investor will be disclosed to Investors before Investors make a final investment decision to purchase the securities related to the Company.

The Lead Investor can quit at any time or can be removed by Wefunder Inc. for cause or pursuant to a vote of investors as detailed in the Lead Investor Agreement. In the event the Lead Investor quits or is removed, the Company will choose a Successor Lead Investor who must be approved by Wefunder Inc. The identity of the Successor Lead Investor will be disclosed to Investors, and those that have a Proxy in effect can choose to either leave such Proxy in place or revoke such Proxy during a 5-day period beginning with notice of the replacement of the Lead Investor.

The Lead Investor will not receive any compensation for his or her services to the SPV. The Lead Investor may receive compensation if, in the future, Wefunder Advisors LLC forms a fund ("Fund") for accredited investors for the purpose of investing in a non-Regulation Crowdfunding offering of the Company. In such as circumstance, the Lead Investor may act as a portfolio manager for that Fund (and as a supervised person of Wefunder Advisors) and may be compensated through that role.

Although the Lead Investor may act in multiple roles with respect to the Company's offerings and may potentially be compensated for some of its services, the Lead Investor's goal is to maximize the value of the Company and therefore maximize the value of securities issued by or related to the Company. As a result, the Lead Investor's interests should always be aligned with those of Investors. It is, however, possible that in some limited circumstances the Lead Investor's interests could diverge from the interests of Investors, as discussed in section 8 above.

Investors that wish to purchase securities related to the Company through Wefunder Portal must agree to give the Proxy described above to the Lead Investor, provided that if the Lead Investor is replaced, the Investor will have a 5-day period during which he or she may revoke the Proxy. If the Proxy is not revoked during this 5-day period, it will remain in effect.

Tax Filings. In order to complete necessary tax filings, the SPV is required to include information about each investor who holds an

interest in the SPV, including each investor's taxpayer identification number ("TIN") (e.g., social security number or employer identification number). To the extent they have not already done so, each investor will be required to provide their TIN within the earlier of (i) two (2) years of making their investment or (ii) twenty (20) days prior to the date of any distribution from the SPV. If an investor does not provide their TIN within this time, the SPV reserves the right to withhold from any proceeds otherwise payable to the Investor an amount necessary for the SPV to satisfy its tax withholding obligations as well as the SPV's reasonable estimation of any penalties that may be charged by the IRS or other relevant authority as a result of the investor's failure to provide their TIN. Investors should carefully review the terms of the SPV Subscription Agreement for additional information about tax filings.

*INSTRUCTIONS TO QUESTION 30: If information is presented to investors in a format, media or other means not able to be reflected in text or portable document format, the issuer should include:*

- (a) a description of the material content of such information;*
- (b) a description of the format in which such disclosure is presented; and*
- (c) in the case of disclosure in video, audio or other dynamic media or format, a transcript or description of such disclosure.*

## ONGOING REPORTING

32. The issuer will file a report electronically with the Securities & Exchange Commission annually and post the report on its website, no later than:

120 days after the end of each fiscal year covered by the report.

33. Once posted, the annual report may be found on the issuer's website at:

<https://contractorplus.app/invest>

The issuer must continue to comply with the ongoing reporting requirements until:

1. the issuer is required to file reports under Exchange Act Sections 13(a) or 15(d);
2. the issuer has filed at least one annual report and has fewer than 300 holders of record;
3. the issuer has filed at least three annual reports and has total assets that do not exceed \$10 million;
4. the issuer or another party purchases or repurchases all of the securities issued pursuant to Section 4(a)(6), including any payment in full of debt securities or any complete redemption of redeemable securities; or the

complete redemption of outstanding securities, or the issuer liquidates or dissolves in accordance with state law.
