As a result, your company will be potentially liable for misstatements and omissions in your profile under the Securities Act of 1933, which requires you to provide material information related to your business and anticipated business plan. **Please review your Wefunder profile carefully to ensure it provides all material information, is not false or misleading, and does not omit any information that would cause the information included to be false or misleading.***

RISK FACTORS

The U.S. Securities and Exchange Commission does not pass upon the merits of any securities offered or the terms of the offering, nor does it pass upon the accuracy or completeness of any offering document or literature.

These securities are offered under an exemption from registration; however, the U.S. Securities and Exchange Commission has not made an independent determination that these securities are exempt from registration.

8. Discuss the material factors that make an investment in the issuer speculative or risky:

An increase in the cost of raw materials or energy could affect the Company's profitability. Our retail pricing is competitive, and we do not intend to raise prices for 24 months, therefore operating profit could reduce.

The spirits business is highly regulated at the federal, state and local levels. Our operations may be subject to more restrictive regulations and increased taxation than are those of non-alcohol related businesses.

We rely on distributors to facilitate our route to market. Although currently we have great relationships with our distributors, we need to ensure we maintain a great relationship in order maintain and grow our operations.

We manufacture in South Africa and although we do have agreements in place to facilitate production in the UK and US (if needed), we may experience currency fluctuations in South Africa, that may impact operating profit.

The alcohol industry is highly competitive, with many established brands and new entrants vying for market share. The company may face challenges in differentiating its products, which could impact sales and profitability.

Shifts in consumer preferences, such as increasing demand for low-alcohol or non-alcoholic beverages, could reduce demand for the company's products.

The success of the company is likely tied to the strength of its brand and reputation. Any negative publicity, product recalls, or adverse events could harm the brand and result in lost sales.

As an early-stage company, there may be limited financial resources and a need for additional capital to fund growth. The inability to raise sufficient capital or manage cash flow could threaten the company's viability.

The alcohol industry is sensitive to changes in economic conditions, such as recessions, inflation, or shifts in disposable income. Adverse economic conditions could reduce consumer spending on alcohol products.

Our future success depends on the efforts of a small management team. The loss of services of the members of the management team may have an adverse effect on the company. There can be no assurance that we will be successful in attracting and retaining other

personnel we require to successfully grow our business.

The Company may never receive a future equity financing or elect to convert the Securities upon such future financing. In addition, the Company may never undergo a liquidity event such as a sale of the Company or an IPO. If neither the conversion of the Securities nor a liquidity event occurs, the Purchasers could be left holding the Securities in perpetuity. The Securities have numerous transfer restrictions and will likely be highly illiquid, with no secondary market on which to sell them. The Securities are not equity interests, have no ownership rights, have no rights to the Company's assets or profits and have no voting rights or ability to direct the Company or its actions.

INSTRUCTION TO QUESTION 8: Avoid generalized statements and include only those factors that are unique to the issuer. Discussion should be tailored to the issuer's business and the offering and should not repeat the factors addressed in the legends set forth above. No specific number of risk factors is required to be identified.

3. if the issuer was incorporated or organized within the past three years, any promoter of the issuer;
4. or any immediate family member of any of the foregoing persons.

☐ Yes

☒ No

INSTRUCTIONS TO QUESTION 26: The term transaction includes, but is not limited to, any financial transaction, arrangement or relationship (including any indebtedness or guarantee of indebtedness) or any series of similar transactions, arrangements or relationships.

Beneficial ownership for purposes of paragraph (2) shall be determined as of a date that is no more than 120 days prior to the date of filing of this offering statement and using the same calculation described in Question 6 of this Question and Answer format.

The term "spousal equivalent" means a cohabitant occupying a relationship generally equivalent to that of a spouse.

Compute the amount of a related party's interest in any transaction without regard to the amount of the profit or loss involved in the transaction. Where it is not practicable to state the approximate amount of the interest, disclose the approximate amount involved in the transaction.

FINANCIAL CONDITION OF THE ISSUER

27. Does the issuer have an operating history?

☒ Yes

Some of the information contained in this discussion and analysis, including information regarding the strategy and plans for our business, includes forward-looking statements that involve risks and uncertainties. You should review the "Risk Factors" section for a discussion of important factors that could cause actual results to differ materially from the results described in or implied by the forward-looking statements contained in the following discussion and analysis.

Overview

From Africa to the World: A New Era in Award-Winning Premium Spirits

Milestones

Spearhead Spirits Inc was incorporated in the State of Delaware in April 2022.

Since then, we have:

- Growing quickly. \$1m+ revenue in 2024.
- Over 2000 retail distribution points including Total Wine, Binny's, Wine.com.
- Hotel & Entertainment clients include Disney, Hyatt, Marriott, Kimpton, Park Lane Hotel, and more.
- Our Gin, Vodka and Agave won Gold at the San Francisco World Spirits Competition (SWSC)
- Backed by Pendulum Capital.
- Featured in the New York Times, the Financial Times, the Independent, Wine Enthusiast, Food & Wine.

Historical Results of Operations

- *Revenues & Gross Margin.* For the period ended December 31, 2024, the Company had revenues of \$1,295,723.16 compared to the year ended December 31, 2023, when the Company had revenues of \$1,017,892.61. Our gross margin was 49.52% in fiscal year 2024, and 38.9% in 2023.
- *Assets.* As of December 31, 2024, the Company had total assets of \$1,198,892.73, including \$80,926.58 in cash. As of December 31, 2023, the Company had \$1,135,592.73 in total assets, including \$208,765.99 in cash.
- *Net Loss.* The Company has had net losses of \$638,334.58 and net losses of \$1,621,772.58 for the fiscal years ended December 31, 2024 and December 31, 2023, respectively.
- *Liabilities.* The Company's liabilities totaled \$4,528,732.23 for the fiscal year ended December 31, 2024 and \$3,825,591.43 for the fiscal year ended December 31, 2023.

Liquidity & Capital Resources

To-date, the company has been financed with \$4,250,000 in

convertibles and \$1,900,000 in SAFEs.

After the conclusion of this Offering, should we hit our minimum funding target, our projected runway is 12 months before we need to raise further capital.

We plan to use the proceeds as set forth in this Form C under "Use of Funds". We don't have any other sources of capital in the immediate future.

We will likely require additional financing in excess of the proceeds from the Offering in order to perform operations over the lifetime of the Company. We plan to raise capital in 12 months. Except as otherwise described in this Form C, we do not have additional sources of capital other than the proceeds from the offering. Because of the complexities and uncertainties in establishing a new business strategy, it is not possible to adequately project whether the proceeds of this offering will be sufficient to enable us to implement our strategy. This complexity and uncertainty will be increased if less than the maximum amount of securities offered in this offering is sold. The Company intends to raise additional capital in the future from investors. Although capital may be available for early-stage companies, there is no guarantee that the Company will receive any investments from investors.

Runway & Short/Mid Term Expenses

Spearhead Spirits Inc cash in hand is \$288,951, as of April 2026. Over the last three months, revenues have averaged \$300,000/month, cost of goods sold has averaged \$200,000/month, and operational expenses have averaged \$80,000/month, for an average net margin of \$20,000 per month. Our intent is to be profitable in 24 months.

Since the date our financials cover, we have released a new product, Patch Ready to Drink Cocktails, which is a high volume product. Therefore monthly revenue has increase significantly. We have made significant investment in inventory in order in order to ensure we have stock.

We expect our monthly revenue to average 200,000 a month for FY 2026. This is due to Ready to drink cans in South Africa but also our US operation is reaching 100k turnover a month consistently.

We are not profitable at the moment as we have made significant investments in operational costs, product development and working with consultants to establish our route to market and distribution. We are operating on less expenses and on a monthly basis are now reaching profitable months. We expect 2026 to be in profit.

With increased revenue and margin, we will be seeking following on investment from existing investors.

All projections in the above narrative are forward-looking and not guaranteed.

INSTRUCTIONS TO QUESTION 28: The discussion must cover each year for which financial statements are provided. For issuers with no prior operating history, the discussion should focus on financial milestones and operational,

liquidity and other challenges. For issuers with an operating history, the discussion should focus on whether historical results and cash flows are representative of what investors should expect in the future. Take into account the proceeds of the offering and any other known or pending sources of capital. Discuss how the proceeds from the offering will affect liquidity, whether receiving these funds and any other additional funds is necessary to the viability of the business, and how quickly the issuer anticipates using its available cash. Describe the other available sources of capital to the business, such as lines of credit or required contributions by shareholders. References to the issuer in this Question 28 and these instructions refer to the issuer and its predecessors, if any.

OTHER MATERIAL INFORMATION

31. In addition to the information expressly required to be included in this Form, include:

- (1) any other material information presented to investors; and
- (2) such further material information, if any, as may be necessary to make the required statements, in the light of the circumstances under which they are made, not misleading.

The Lead Investor. As described above, each Investor that has entered into the Investor Agreement will grant a power of attorney to make voting decisions on behalf of that Investor to the Lead Investor (the "Proxy"). The Proxy is irrevocable unless and until a Successor Lead

Proxy. The Proxy is irrevocable unless and until a Successor Lead Investor takes the place of the Lead Investor, in which case, the Investor has a five (5) calendar day period to revoke the Proxy. Pursuant to the Proxy, the Lead Investor or his or her successor will make voting decisions and take any other actions in connection with the voting on Investors' behalf.

The Lead Investor is an experienced investor that is chosen to act in the role of Lead Investor on behalf of Investors that have a Proxy in effect. The Lead Investor will be chosen by the Company and approved by Wefunder Inc. and the identity of the initial Lead Investor will be disclosed to Investors before Investors make a final investment decision to purchase the securities related to the Company.

The Lead Investor can quit at any time or can be removed by Wefunder Inc. for cause or pursuant to a vote of investors as detailed in the Lead Investor Agreement. In the event the Lead Investor quits or is removed, the Company will choose a Successor Lead Investor who must be approved by Wefunder Inc. The identity of the Successor Lead Investor will be disclosed to Investors, and those that have a Proxy in effect can choose to either leave such Proxy in place or revoke such Proxy during a 5-day period beginning with notice of the replacement of the Lead Investor.

The Lead Investor will not receive any compensation for his or her services to the SPV. The Lead Investor may receive compensation if, in the future, Wefunder Advisors LLC forms a fund ("Fund") for accredited investors for the purpose of investing in a non-Regulation Crowdfunding offering of the Company. In such as circumstance, the Lead Investor may act as a portfolio manager for that Fund (and as a supervised person of Wefunder Advisors) and may be compensated through that role.

Although the Lead Investor may act in multiple roles with respect to the Company's offerings and may potentially be compensated for some of its services, the Lead Investor's goal is to maximize the value of the Company and therefore maximize the value of securities issued by or related to the Company. As a result, the Lead Investor's interests should always be aligned with those of Investors. It is, however, possible that in some limited circumstances the Lead Investor's interests could diverge from the interests of Investors, as discussed in section 8 above.

Investors that wish to purchase securities related to the Company through Wefunder Portal must agree to give the Proxy described above to the Lead Investor, provided that if the Lead Investor is replaced, the Investor will have a 5-day period during which he or she may revoke the Proxy. If the Proxy is not revoked during this 5-day period, it will remain in effect.

Tax Filings. In order to complete necessary tax filings, the SPV is required to include information about each investor who holds an

required to include information about each investor who holds an interest in the SPV, including each investor's taxpayer identification number ("TIN") (e.g., social security number or employer identification number). To the extent they have not already done so, each investor will be required to provide their TIN within the earlier of (i) two (2) years of making their investment or (ii) twenty (20) days prior to the date of any distribution from the SPV. If an investor does not provide their TIN within this time, the SPV reserves the right to withhold from any proceeds otherwise payable to the Investor an amount necessary for the SPV to satisfy its tax withholding obligations as well as the SPV's reasonable estimation of any penalties that may be charged by the IRS or other relevant authority as a result of the investor's failure to provide their TIN. Investors should carefully review the terms of the SPV Subscription Agreement for additional information about tax filings.

INSTRUCTIONS TO QUESTION 30: If information is presented to investors in a format, media or other means not able to be reflected in text or portable document format, the issuer should include:

- (a) a description of the material content of such information;*
- (b) a description of the format in which such disclosure is presented; and*
- (c) in the case of disclosure in video, audio or other dynamic media or format, a transcript or description of such disclosure.*
