Edmund Pribitkin

Chief Physician Executive | EVP | Jefferson Health
Philadelphia, Pennsylvania, United States

Summary

A perennial Philadelphia Top Doc, researcher and educator, Dr. Pribitkin is the Chief Physician Executive and an Executive Vice President at Jefferson Health overseeing \$1.6 billion in Net Patient Services Revenue.

Senior Healthcare Executive with over 30 years of academic leadership culminating in 10 years of executive C-suite experience. A proven track record implementing strategies delivering growth under fiscal constraints while maintaining highest reliability in safety, service, and quality.

Jefferson Health is a A \$16 Billion, top 15 non-profit academic-community health system consisting of 32 hospitals, 5,500+ licensed beds, 10,000+ Physicians and Practitioners, 13,700+ nurses, 700+ sites of care and a managed health care organization.

Key career achievements include

- Leading the development of the \$760 Million 17-floor Center City Honickman Building with 20+ specialty practices, a 10-bed ambulatory surgery center, endoscopy and infusion suites opened on time and under budget in 3-2024. Leading Enterprise Central Scheduling and Direct patient Scheduling Initiatives with top decile performance
- Leading and executing strategies that have resulted 10 year continual growth in new patient visits.
- Leading Enterprise Population Health
- Co-Developing and launching 12 specialty-based service lines with governance and virtual P&L
- Chairing the Continuous Documentation Improvement Steering Committee with HIMSS7 certification
- Assisting in four successful EPIC Installations across 10 Hospitals with highest success rating
- Chairing Value Analysis Reorganization Steering Committee, leading to decreases in spend

- Redesigning provider on-boarding and introducing a provider verification system.

Dr. Pribitkin is a full professor of Otolaryngology and Head & Neck Surgery also boarded in Facial Plastic & Reconstructive Surgery specializing in thyroid, parathyroid and rhinoplasty surgery. He wrote the first BoTox dose response paper and originated the Sonic Rhinoplasty technique.

He has over 100 peer-reviewed publications and an H-Index of 30. He has been a consecutive P-50 NIH Grant Co-Investigator, served on the SKMC Dean's Diversity, Equity & Inclusion (DEI) Council and led the AAFPRS Domestic Violence Project.

Dr. Pribitkin serves on the Board of Trustees of Wilmington University and the Monell Chemosensory Center.

He cofounded SemPresto, a drug delivery company developing an autoinjector that attaches to any smart phone.
