Summary

Hello Reader,

Introducing myself, Sthuthi Peter, I'm a global operations leader with 6+ years of experience scaling teams, optimizing processes, and managing compliance across fintech and Web3 ecosystems. At Unidef, I supported regulatory structuring and execution across 15+ emerging markets, helping reduce cross-border inefficiencies by 40% while enabling rapid jurisdictional expansion.

My background spans people operations, legal coordination, logistics, and communications giving me a systems-level view of how to build resilient, high-trust infrastructure in decentralized environments.

At ONER, I lead operations across multiple markets and help ensure our global foundation scales with speed, compliance, and precision as we grow our digital asset footprint.

See you around (someday)
