Vishal Garg (@vishal_better) was fired as CEO of a public company and personally lost nearly \$40 million in a single day.

Then the guy who fired him went on vacation for a month to Europe.

...

Reasons why @danielsethlewis is the wrong guy for \$betr and our memo reading, corporatized, independent board members got it all WRONG and need to be VOTED out.

Our biggest partners (65% of revenue now) simply won't stick their neck out for him to implement Tinman.
