We won ! Thank you to everyone on [@X](#) who supported us, encouraged us, and fought alongside us and for us against a company, a CEO and a Board with 100x our resources. This win was shareholder led. It shows the power of what we can do as a group of shareholders organized against a common cause. Thank you to everyone ! Lets make a better [\\$BETR](#) together. Fastest time for a public company Founder/CEO to take back their company as per our research — under 60 days. Thank you to the rock star team that made it happen. Alex Spiro, Michael Swarz, and Minji Reem and many others at Quinn Emanuel, Andrew Freedman, Mark Kiley and many others at Olshan, Jessica Schaefer, Abby Vare, Liz Esterbrook and Lucia Jin at Cap V, Dan Zucchei and Joe Hermani at Longacre Square Partners, and Matt Hiltzik and Chris Cunningham at Hiltzik Strategies, and Chuck Garske, Bruce Goldfarb and Lisa Patel and others at Okapi. And MOST IMPORTANTLY thank you to all the **\$BETR** shareholders big and small who supported us in this endeavor and encouraged us to keep going. Thank you Thank you Thank you !

“This historic victory serves the best interests of every Better shareholder,” Alex Spiro, a partner at law firm Quinn Emanuel Urquhart & Sullivan who is representing Garg, said. “No public CEO has ever been pushed out, litigated the issue, and won his way back in two months. Vishal Garg has been vindicated.” [\\$BETR](#)

One of our large business partners called me this am and he said he was on a call with our team this morning and he noticed that the zoom backgrounds were suddenly gone and people at \$betr were at their desks and had a “can-do” spirit. We’re going to be a better \$BETR again. Thank you to all of our great team members who worked through the last 2 months and kept it all moving forward !

Yes wholesale was MY plan all along. Thank you all for your support. Now we are going to run at it even harder.

You can bet all those people working from home last 2 months showed up to the office today.

Was speaking to one of our large partners this am who called to congratulate me and he told me the can-do spirit is suddenly back at better.

He also said the zoom backgrounds were gone and everyone seemed to be at their desk.

This is another example of the power of social media in financial markets.

Vishal founded a company, took it public, got fired by a rogue board, and now has won back his spot leading the company.

Congrats to [@vishal_better](#) and the team that accomplished this quickly.

Thank you @lindayaX ! This was really the first AI native X driven proxy fight. Couldn't have done it without the amazing work that you and @elonmusk have done to make it a place where ordinary shareholders can take on clumsy boards and hold them accountable! And FAST - less than [Show more](#)
