TEDx Talk on Lambs' marketing

Arthur Menard de Calenge

CEO at HAVN • Forbes 30 Under 30
Los Angeles Metropolitan Area

Summary

CEO at HAVN (formerly Lambs), on a mission to help everyone live a happier, healthier, and longer life by simply upgrading their everyday clothing.

Lambs is a health & wellness technology company empowering people with a convenient solution to protect themselves and their family from EMF from cellphone, wifi, and bluetooth. Our claim to fame? Inventing the first everyday radiation-proof clothing that blocks 99.7% of EMF from reaching your essential organs... Learn more at <http://getlambs.com>

Forbes 30 Under 30 & Business Insiders Top Entrepreneurs Under 30.

Angel Investor, TEDx Speaker, and occasionally speaks at conferences, guest lectures at business schools, coaches early-stage startups, and contributes to magazines such as Forbes or Inc.

Experience

HAVN

Founder & CEO

May 2019 - Present (7 years 6 months)

Los Angeles - Santa Monica

HAVN created the world's first EMF-blocking clothing. Our proprietary WaveStopper™ technology blocks 99.7% of EMF from reaching the body and woven into clothing that protects your essential organs. HAVN's products are backed by science and designed for ultimate comfort.

Featured as the apparel of the future in a number of major publications such as Forbes, BBC, ABC News, USA Today, CBS News, NBC, GQ, Mashable, The Verge and The New Yorker.

Liquid Death Mountain Water

Angel Investor

Investor

Angel Investor

2019 - Present (7 years)

Angel investor in a dozen startups in the health & wellness or e-commerce space.

OneApp

Co-Founder

2014 - 2019 (5 years)

Paris

SaaS solution for local businesses to help them set-up and automate their online communication on the Internet and the Social Networks.

After co-founding the company and bringing it to profitability, I now hold a strategic advisor role as a board director.

Methode-Prepa

Founder

2012 - 2014 (2 years)

Internet business

15,000 students trained via a fully automated training online training program.

- Conception and commercialization of 3 online video-based methodology training programs for students preparing for the French equivalent of SATs.

- Book author: 3 books published between 2014 and 2016.

PwC Consulting

Consultant - Advisory

2013 - 2013 (less than a year)

New York City

Project: Liberty Mutual Insurance (Fortune 100 company); Building international data- centers and centralizing the applications and data of the 14 country divisions.

- Management of a 3 people offshore team to reconcile missing information
- Process optimization to gain efficiency and prevent losing information

I left PwC to pursue my MBA.

DNAVision

Business Engineering Analyst

May 2012 - August 2012 (4 months)

Belgium

Project: Establishment of the genomic pattern of prostate cancer using today's research to prepare the introduction of a new service of the company. Creation of a data model of driver mutations and associated deductions.

Mentored by the CEO Laurent Alexandre, MD, founder of Doctissimo.fr (sold \$150M in 2007). This was an amazing opportunity to learn from an incredible entrepreneur and thought-leader in the NBIC space.
